### Central Kansas Hit

## *Second Wave Of Tornadoes Rips Midwest*

By The Associated Press

Late spring storms hammered central sections of the country again Wednesday night, the most severe in tornado-jittery Kansas.

A rash of tornadoes erupted in south central Kansas, with heaviest damage reported in Wichita, some 35 miles from El Dorado, which was hit by a killer twister Tuesday night.

About 25 houses in northeast Wichita were damaged and an undetermined number of persons injured by the tornado. Other twisters were reported near Arkansas City, Newton and Wellington, all in the Wichita area.

Severe thunderstorms were reported during the early morning in sections of Kansas and Missouri. Tornadic winds also ripped into areas of western Nebraska and eastern Colorado.

The surging Wabash River threatened serious flooding in Indiana. At Peru, some 1,000 residents were ordered to leave their homes as water neared the top of a floodwall. Many streams in the north central section of the state overflowed, forcing hundreds of persons from their homes, including 1,500 at Marion, and others at Wabash, Logansport, Delphi and Lafayette.

Rain hit the eastern seaboard from Maine southward to Florida, with falls of about one inch in Danville and Norfolk, Va.

More thundershowers were forecast in the central and southern plains and through the lower and middle Mississippi Valley. Fair to partly cloudy weather was the outlook in most other parts of the county.

### Will Visit De Gaulle

## *July Trip to Paris Planned by Dulles*

WASHINGTON (AP)— A flying trip by Secretary of State Dulles to confer with Premier Charles de Gaulle in Paris next month is planned primarily as a two-way fact finding mission.

Officials said today the meeting will give Dulles an opportunity to learn at first hand De Gaulle's views on a whole range of problems from the continuing crisis in North Africa to the possible summit conference.

It also will give De Gaulle a chance to find out what kind of United States cooperation and support he can expect in carrying through his program.

**Leaving July 5**

The State Department said Wednesday that Dulles would fly to Paris on July 5 and be back here in time to go with President Eisenhower on a visit to Ottawa three days later.

His meeting with De Gaulle will take place against a background of worry about France's role in the western alliance under De Gaulle's leadership.

Possibly one of the most difficult problems which De Gaulle will face is that of cooperation between France and the United States in the field of atomic weapons development. France has been reported at the point of producing nuclear weapons for test purposes and De Gaulle is believed to be determined to make his country the world's fourth atomic power—along with the United States, Russia and Britain.

**Information Sharing**

He may confront Dulles with a strong request for information sharing between France and the United States to the same extent that this country is able to share its atomic weapons secrets with Britain under legislation now pending in Congress.

There has been considerable opposition at the Capitol to providing France with U.S. weapons know-how, because of possibile security problems and of the long record of instability in the French government.

Another problem is to work out an allied policy on suspension of nuclear tests following the present U.S. series of experimental explosions in the Pacific.

British Prime Minister Harold Macmillan is understood to have made it clear once again during his talks with President Eisenhower this week that if Britain is to halt its own testing, it must get information already developed in U.S. tests.

### Recalled From Algeria

## *De Gaulle Asks Return Of Soustelle for Parley*

PARIS (AP)— Premier Charles de Gaulle called Jacques Soustelle on the carpet today in another show of his determination not to let the colonists in Algeria dictate how he runs France.

Soustelle is the political front man for the insurgent movement of army officers and French settlers who banded together in committees of public safety to keep Algeria under French control. De Gaulle wants the Moslem majority to have a full voice in running France's North African territory.

**Urges Similar Action**

The committees inspired and directed wild demonstrations in Algeria which hoisted De Gaulle to power. But he is now trying to make them take the same vacation from politics he ordered for the National Assembly.

The premier called Soustelle back from Algiers after the military-civilian committee there demanded that De Gaulle kick party politicians out of his cabinet and delay the Algerian municipal elections he promised about a month.

De Gaulle's first response was a biting telegram to Gen Raoul Salan, his civil and military chief in Algeria who had associated himself with the insurgent committe's demands. The premier told Salan to kep out of politics and criticized him for getting mixed up in "the regrettable and intemperate incident caused by the peremptory motion of the committee."

**Limited to Opinion**

He added that the committee's only right and role was to express the opinion of its members.

Soustelle, who eluded police surveillance at his Paris home and slipped through to Algeria May 16, is generally regarded as the real mastermind behind the movement although he holds no post on any of the committees.

## More Rainfall Likely Friday

Marion County, already water-soaked, may get more rain Friday.

That was the word today from the weatherman who predicted the possibility of thundershowers tomorrow.

It is expected to be partly cloudy and humid tonight.

The mercury climbed to a high of 77 Wednesday, sank to an overnight low of 60, then got back to 70 by noon today, with a high of 80 anticipated.

Tonight's low is expected to be a sultry 63, with a peak of 85 foreseen Friday.

### *Might Have Eluded Trap, Stolen Auto*

# Posse Fears Suspect in Attack May Have Escaped From Area

**DELAWARE MANHUNT.** Preparations for and start of one of the largest manhunts in the history of Delaware County, organized Wednesday to attempt to track down a man who assaulted two women, are shown here.

UPPER: Members of the Franklin County Sheriff's mounted posse are shown here just before they rode into the heavily wooded and brushy area in which the attacker was believed hiding.

LOWER: One of the groups of men who scoured the 1,000-acre tract of land on foot are shown here following footprints of the attacker across a cornfield just south of the farm house in which the assault took place.

## Patrols Maintained On Road Close to Delaware Dam

By CHARLES L. MARTIN
Marion Star Staff Reporter

The possibility that a man who criminally assaulted two Delaware County women Wednesday morning has escaped a manhunt just south of the Delaware Dam was voiced at noon today by Delaware County sheriff's deputies.

No trace of the man was found in a renewed search of a 1,000-acre tract of land this morning and the manhunt now has been reduced to automobile patrols only on roads bordering the tract, they said.

Theft of an automobile from the north end of Delaware sometime last night has added to fears the attacker escaped the manhunt, a deputy reported.

"There's a good chance he slipped into Delaware last night, stole the car and drove off," the deputy said. The auto theft was reported to Delaware police this morning but the deputy said no details were available immediately.

**One of Largest Manhunts**

During the night, deputies and civilians were posted around the area and on roads leading through it in hopes of spotting the attacker if he ventured out of hiding.

The manhunt Wednesday, one of the largest in the history of Delaware County, started after sheriff's deputies were notified at 8:50 a.m. of the attacks on the two women.

Within a few minutes, sheriff's deputies, state highway patrolmen and a few hastily-recruited volunteers had set up patrols around the heavily-wooded and brushy area in which the suspect was believed to have taken refuge.

**Horsemen Join Hunt**

Calls for assistance went out from the Delaware County sheriff's office and by 1 p.m. the search had all the elements of both "Old West" and modern-day manhunts.

Overhead two state highway patrol planes and a Navy helicopter from Port Columbus joined in the search.

On the ground the Franklin County sheriff's mounted posse joined the nearly 200 men in automobiles and on foot who were combing the area. To add to the "Old West" atmosphere, many of the searchers were bearded, having let their whiskers grow in preparation for Delaware's sesquicentennial.

The attacks on a 24-year-old mother and her 18-year-old babysitter occurred just after 8 a.m. in a farm house on Delaware County Rd. 213 just east of the Pennsylvania Railroad underpass on Rt. 23.

**Attacker Identified**

Sheriff's deputies said this morning that the attacker has been identified as a Columbus resident. They said his name was found on papers and pawn tickets in a billfold found in the farm house and that a dump truck found abandoned on Rt. 23 just north of the underpass has been traced to the same man.

The attacker, a Negro, is 38

## Senate Fight Begins Over Kennedy Bill

### Hot Battle Predicted On First Major Labor Legislation Since '47

WASHINGTON (AP)—The Senate today opens a politically charged debate on the most comprehensive labor bill to reach it since the Taft-Hartley Act became law in 1947.

It is designed to curb some labor union abuses and also give organized labor some of the things it wants. But it was under fire from both sides.

**Hopes for Action by Friday**

Senate Democratic Leader Lyndon B. Johnson (D-Tex) expressed hope the bill could be passed by Friday night.

Other senators thought it would take longer. Sen. Barry Goldwater (R-Ariz), one of a group of Republicans planning to offer a series of stringent amendments to the bill, said there would be "long drawn out discussion" on each one.

An interesting sidelight to the debate was the test it posed for Sen. John F. Kennedy (D-Mass), principal author of the measure and a potential candidate for the Democratic presidential nomination in 1960.

**First Major Project**

It is the first major piece of legislation to be handled on the floor by Kennedy, except for a much less significant employe pension and welfare fund control bill passed in April.

Kennedy conceded in advance that his bill would not satisfy the extremes on the labor issue — he said no measure could do that.

### Russia Raps Dulles

LONDON (AP) — Russia accused Secretary of State Dulles today of failing to take a serious approach to Premier Khrushchev's proposal for increased U.S.-Soviet trade.

## House Divided On President's Pentagon Plan

### Bid for Compromise Produces Sharp Split On Strict Party Lines

WASHINGTON (AP)—A House divided along party lines decides today how much of President Eisenhower's defense reorganization plan to approve.

Republicans are seeking a compromise between (1) the reorganization bill approved by the House Armed Services Committee but sharply criticized in three particulars by Eisenhower and (2) a measure tailored closely to the President's specifications.

When the compromise was offered Wednesday Democratic leaders made it plain they were insisting on the committee bill.

Both the GOP-backed measure and the committee bill would confer greater powers on the secretary of defense and would streamline the chain of command over combined combat forces.

But they differ on how the secretary could exercise his authority over the individual services and on the means by which Army, Navy and Air Force leaders can carry appeals to Congress.

Rep. Joseph W. Martin Jr. of Massachusetts, the House Republican leader, said sentiments expressed in a Republican caucus

### Bishop To Participate

## *Rev. Spickerman To Be Honored Over Weekend*

The Most Rev. Clarence G. Issenmann, bishop of Columbus, will preside at a solemn high mass at 5 p.m. Sunday in honor of the Very Rev. William J. Spickerman, pastor of St. Mary Catholic Church.

The golden sacerdotal jubilee mass, to be held in Marion Catholic High School starting at 5 p.m., will be one of the highlights of a weekend of activities climaxing "Fr. Spickerman Week" in Marion, as proclaimed by Mayor Wendell L. Strong.

—:—

**A PUBLIC** reception for the Very Rev. Fr. Spickerman will be held from 8 to 10 p.m. Saturday in the Marion Catholic High School. Following the Sunday mass, a testimonial dinner will be served to an anticipated large crowd in the UAW-Union Hall on Leader St. A reception for the clergy in the diocese will be held after the dinner in the rectory of St. Mary Church.

This week was set aside by Mayor Strong to observe the Very Rev. Fr. Spickerman's 50 years in the ministry, 30 of which have been spent in Marion. He was ordained a priest June 19, 1908.

For the high mass, at which the Rev. Fr. Spickerman will be celebrant, the Rev. Jerome Bartel, pastor of Cincinnati's Nativity Church, will serve as deacon. Subdeacon will be the Rev. William Huber, assistant pastor of St. Mary Magdalene Church in Columbus.

Delivering the sermon will be the Rt. Rev. Msgr. William O'Don-

## U.N. Council Rushes Team Into Lebanon

### Orders Observers To Watch at Borders for Nasser Agents' Entry

BEIRUT, Lebanon (AP) — The first contingent of U.N. observers moved into Lebanon today less than 24 hours after the Security Council ordered a border watch to keep out what Lebanon calls intruders from President Nasser's United Arab Republic.

The first group of five officers—a New Zealander, two Swedes and two Italians — drove from Israel into south Lebanon and then headed for Beirut.

The officers are from the U.N. truce group in Palestine.

Reflecting the urgent view the Council took of the Lebanese situation, Secretary General Dag Hammarskjold ordered them to Lebanon immediately to serve until he can recruit a separate organization from U.N. members.

The Security Council authorized the watchdog team in answer to a Lebanese complaint that the U.A.R. is sending arms and men to rebels seeking to overthrow President Camille Chamoun's pro-Western government. The U.A.R. denied the charge.

### Russia Pressing U.S.

## *Drastic Cold War Steps Needed, McElroy Feels*

CAMBRIDGE, Mass. (AP)—Defense Secretary Neil McElroy predicted today the United States may be forced to take drastic steps to keep ahead in the cold war even if it means a more Spartan life for the people.

Great peacetime sacrifices may, and probably will, be called for, McElroy said in a speech prepared for the Commencement Day meeting of the Harvard Alumni Assn.

**Facing Most Serious Test**

"Certain it is," he said, "that the test of our social order is the most serious we have ever faced. It is based not alone on the making of arms, but on a truly phenomenal economic and industrial growth in the Soviet Union, plus an equally prodigious development in the field of education. In all of these areas, Russia reached the position she is in today because she worked harder at it."

U. S. intelligence services estimate that by 1962 the growing Soviet economy will be producing half of what we do now, McElroy said.

**Disposition Is Key**

"It's what she does with her output that's important. For instance, less than half of it gets into the hands of the Soviet citizen in the form of consumable goods and services. By contrast, over two-thirds of our total production reaches the consumer," he pointed out.

"Parents will have to contribute more money—through taxes or contributions—for the kind of educational program the country needs," he said. "I anticipate we may have to put from 50 to 100 per cent more money in the broad field of education than we are now allocating."

# Drive To Put 'Right-to-Work' On Ballot Near Halfway Mark

COLUMBUS, Ohio (AP) — The so-called right-to-work issue will have the necessary signatures to put it on the Nov. 4 ballot, Frank J. Egner, chairman of Ohioans for Right to Work, Inc., predicted Wednesday.

"We are nearing the halfway mark on the 354,200 signatures needed," he said. "For the first time, our progress—in the past 10 days—has put me in a position to predict with confidence that we will have the needed signatures by Aug. 1."

Aug. 5 is the filing deadline to put the constitutional amendment proposal on the ballot.

Egner, a Findlay transport company executive, said there have been attempts to intimidate petition circulators but that these have stimulated rather than retarded the campaign.

Egner's statement listed several incidents involving circulators, together with affidavits attesting to the following:

A woman circulator was told by two union leaders to stop circulating the petition. When she refused, she was told:

"All right, we may not stop you from circulating the petition. But you have two children; we can get to them."

In another incident, a store proprietor was ordered to recall a filed petition, which he had turned in, and destroy it, or his store would be picketed.

Walter L. Davis, director of United Organized Labor in Ohio, urged Egner to give names, dates and places cited in the reported affidavits or risk suspicion about their existence. He added that the information also would help his organization prevent any recurrence.

The petition signatures are needed to place the right-to-work issue on the ballot so voters can decide if they want the proposed change in the state Constitution.

The proposal would prohibit the union shop in the state. A union shop requires membership in a union for a worker to remain on the job after a period of employment—usually 30 days.

The program, on a Father's Day theme, was presented by Mrs. Ralph Hurr. Mrs. Merle Lashey told the story of the origin of the day, and Mrs. Allie Eibling gave a reading, "Dad." Guest speaker was the Rev. Sheridan Walker, parish minister of Epworth Methodist Church.

In charge of refreshments were Mrs. Lashey, Mrs. William Earl, Mrs. Ralph Bauer and Mrs. Jo Greenwood. The grange will be inspected July 22.

## Trading Post To Battle Prison Farm Softballers

Mac's Trading Post, co-leader of the Commercial Softball League, will travel to the London Prison Farm Saturday for a non-league encounter.

The local nine split a pair of games last Saturday at Richwood, falling to Falter Packers of Columbus 6-1 in the opener, and then coming back for a 2-1 victory in the eight-inning nightcap.

## Pony Loop Winners

In a pair of Pony League games played Tuesday night, Clark Metal took a 6-5 win over G&G Homes, while Alloy defeated VFW, 4-1.

LaSeta was the winning pitcher in the Clark-G&G game, with Robinson the loser. Cudd pitched victorious ball for Alloy. Paulus was nicked with the setback.

## Race Card Slated

A full card of stock car races is on tap Friday night at the Richwood Speedway. Six regular events are slated, with the possibility of a novice run if enough entries are noted.

Time trials are expected to get under way at 7:30 p.m., with the first race getting the starter's flag at 8:30.

British View Prevails, Ex-AEC Man Says

# Pentagon Nuclear Plans Questioned

WASHINGTON (NANA) — Former Atomic Energy Commissioner Thomas E. Murray has warned Congress that the Defense Department "is being led by the United Kingdom" to implementation of a British nuclear strategy that rules out limited war in the NATO area.

In a confidential memorandum to the Joint Committee on Atomic Energy, Murray, now a consultant to the committee, contends that the administration's program for atomic cooperation with the NATO countries sets up a nuclear role for NATO designed to "give further substance" to the strategy of massive deterrence and retaliation.

Murray had proposed last month that any transfer of U.S. weapons to NATO countries be restricted to weapons with a maximum nuclear force of 20,000 tons of TNT.

The Defense Department, in a letter to the committee on May 14, rejected the limitation on the ground that the small weapons were not compatible with "present approved military assistance programs for NATO allies."

—:—

THE MURRAY memorandum, now being circulated to the four top members of the joint committee, contends:

"The Department of Defense has evidently decided that limited war in the NATO area is impractical and undesirable. This, I take it, is the basic reason why my proposal to equip NATO for limited war is impractical and undesirable."

The former commissioner questioned the assertion of the Defense Department that "by its programs the United States will provide the 'essential leadership' of the free world toward military strength." The department, Murray asserted, "is being led by the United Kingdom. It is committed to the implementation of a British nuclear strategy which the United Kingdom independently decided on and announced to the world."

—:—

THE BRITISH, in April, 1957, issued a white paper outlining future defense plans. The program called for reductions in conventional armed strength, including manpower, and indicated a reliance on the deterrence power of nuclear arms.

The AEC and Britain last week began negotiations on an exchange of nuclear weapons secrets on the assumption that Congress would approve legislative changes that would make such exchanges legal.

The joint committee, despite the warnings of Murray, has approved most of the changes the administration requested, but the proposals have not been approved by the full Senate, nor by the House.

As drafted by the committee, the legislation permits the AEC to supply weapons designs and materials to Britain, but other NATO allies could receive only the non-nuclear parts of atomic weapons.

Murray, in his memo, pointed out that there was a "clear divergence" of view between the Defense Department and Secretary of State John Foster Dulles on strategy for the protection of Europe.

## Veteran Actor Insists Career Less Glamorous

NEW YORK (AP) — Familiarity and acting fads are destroying theatrical glamor, says Chester Morris.

The veteran star of "Blue Denim," a current Broadway hit, recalls things were a lot different when he began acting 40 years ago. "The public's interest in players' personal lives has spoiled the glamor," he says. "In the old days a star just couldn't be married or have a family, as far as the public was concerned.

"Another deglamorizing trend is this school of natural acting. The guys who do it look filthy, and they are."

KEEPING TABS

BRISTOL, England (AP) — Day and night checks for radioactivity will start in Bristol when the new atomic power stations begin operations nearby. Food and water will be examined regularly.

# Miss America Hopeful Calls Poise Big Aid

RENSSELAER, N.Y. (AP)—Miss New York State's nose is slightly imperfect. Her face is on the square side. She's not voluptuous either. But she has poise, sir, and that's what won her the title.

Poise is the quality that carries a woman smiling, erect and graceful through the most trying competition. Miriam Sanderson has it.

The judges who selected the 20-year-old beauty queen said it was this attribute that impressed them the most. "There were others who were more beautiful," said Judge F. Joseph Leone, an Albany attorney.

Miss Sanderson, 5-foot-4 with brown hair, blue-green eyes that change color when the occasion demands, and a slim 114-pounds, convinced a reporter - photographer team. She chatted animatedly while posing in the small bungalow in which she lives with her parents, younger brother and sister, in this Hudson River community.

Tumbling from an upper bunk, doing a bicycle exercise upside down on the floor, racing down the stairs, none of this upset the sparkling balance of this young lady who is bound for the Miss America sweepstakes.

The gracious smile, the graceful carriage remained even when her father, just home from work as a toll collector on the New York State Thruway, scowled and said he thought the whole business was "a lot of corn."

Of poise, Miss Sanderson said: "The most important thing is being interested in what is going on. You're considered attractive if you are interested in people. There is nothing like paying attention."

Does she consciously try to achieve poise when she is with people?

"No, no," Miriam admonished. The only thing she usually is conscious of is whether she is standing straight.

Miriam is a junior at the State Teachers College in Albany.

Mrs. Sanderson makes most of her clothes. The sack? Miriam was non-committal, although she was wearing what she termed a modified sack. That is, the dress sagged in unimportant areas.

Miriam keeps a bulletin board in her room where she pins pictures or stories about clothes, hair-styles, make-up tricks, anything that catches her fancy. She said she constantly experiments and will do so until the Miss America competition.

One last word of advice—"Tell the girls not to be afraid of brushing their teeth. I brush furiously and wear out a toothbrush a month."

CAPT H. MOWREY
Will Address Club Tuesday

## Hotel Association Executive To Talk To Marion Rotary

Capt. H. Mowrey of Columbus, executive secretary of the Ohio Hotels Association, will address the Marion Rotary Club Tuesday during the club's noon luncheon program at Hotel Harding.

Announcement of Capt. Mowrey's talk on "Room and Board," a collection of humorous incidents involving hotels and their customers, was made by Wilson B. Tway, June program chairman.

Formerly managing editor of the Ohio State Journal, Capt. Mowrey is nationally known in hotel work and is former president of the American Hotel Trade Association Executives. He has been secretary of the Ohio Hotels Association since 1933. He was a captain during the first World War.

**Financier, Prober Confer**

# *Sparks Fly When Eaton Talks With Rep. Walter*

WASHINGTON (AP) — Chairman Francis E. Walter (D-Pa) of the House Committee on Un-American Activities said today he walked out of a conference with Cyrus Eaton because Eaton's comparison of the United States and Hitler's Germany "was too much for my stomach."

Walter declined comment on reports that the meeting with the Cleveland financier turned into a loud fist-waving session Wednesday.

The committee chairman said Eaton sought the conference — "He thought it would be nice if we all sat down and met each other."

Walter noted that a subpoena had been issued for questioning Eaton about Eaton's assertions in a May 4 television interview that the FBI and some other federal agencies engaged in "snooping, informing and creeping up on people."

"The question of whether it will be served will be disposed of after members of the committee are informed of what took place yesterday," Walter said.

Eaton, the committee chairman said, "understands how I feel about a lot of things" as a result of the closed-door meeting.

Walter told a reporter he gathered that Eaton thought that by having the informal discussion with Walter, Rep. Gordon Scherer (R-Ohio) and Richard Arens, committee staff director, a formal appearance before the committee might be made unnecessary.

Eaton was not immediately available for comment. He has said, however, that he would "be delighted to appear before any congressional committee for a serious discussion of the federal secret police and intelligence agencies, and the effects, as I see them, of their subrosa activities on the freedom guaranteed to the citizens by the Constitution and the Bill of Rights."

Asked about what was discussed at the informal committee meeting Wednesday, Walter said Eaton told the group that in talking about "a Gestapo" he didn't mean to limit his criticism to the FBI but applied it to all government agencies. He said Eaton specifically alleged snooping by the Interstate Commerce Commission and the Securities and Exchange Commission.

## Reuther Takes Over Talks With Chrysler

DETROIT (AP) — United Auto Workers President Walter Reuther today assumed personal command of negotiations with Chrysler Corp., storm center of the UAW's efforts to reach contract agreement with the automotive Big Three.

Reuther's surprise decision came Wednesday, less than three hours after Chrysler sent 2,000 workers home early from its Jefferson-Kercheval plant in another of a series of incidents which have marked the no-contract period.

## Dr. J. P. Owens Named To 4-County Health Job

DELAWARE — Dr. J. Philip Owens, Hamilton County health commissioner for 10 years until his retirement last January, will become health commissioner for Delaware, Union, Morrow and Madison counties, effective Aug. 1, it was announced today.

Dr. Owens succeeds Dr. Robert A. Vogel who left Delaware recently to take a new health post. Dr. Owens will operate from headquarters in the health office here.

Not a single Vienna-born boy has been named Adolph since 1938—the year the Nazis annexed Austria.

## Beware of the Double Twisteroo

It never has been easy to know whether Secretary of Labor Mitchell makes it his official business to speak for working men and women as a whole, or for the unions that a minority of them have joined voluntarily and involuntarily.

But he does make it his business to know what is going on and therefore must be taken at his word when he says the pending bill in the Senate concerning labor union malpractices is a phony.

This is an astonishing judgment in view of the favor the bill has drawn from such an expert in corrupt union practices as Sen. McClellan. But there would be no reason for Secretary Mitchell to take a stand against Sen. McClellan on this particular bill, unless he believes firmly it is a bad bill.

A bad bill had been predicted by skeptics, who about a month ago were predicting that the Democrats in control of the Senate might go even further than that and permit no bill at all. In a matter of this kind, it is necessary to take the word of experts for a bill's merit or lack of merit. The key expert in Congress is Sen. McClellan, who ran the Senate investigation of rackets in labor and management. The key expert in the Eisenhower administration is Secretary of Labor Mitchell.

If he says the pending bill is a double twisteroo, he would have a good reason to say so.

A double twisteroo is something that leads people to believe one thing is about to happen when the intent is to make the opposite thing happen, like a feint to the midriff to bring down an opponent's guard so he can be struck on the chin. Or, more to the point, it is a proposal to reassure people that unions will be houseleaned so people will take it for granted that the housecleaning is in progress, when in fact the intent of the proposal is to make it unnecessary to do any housecleaning.

Or, in political parlance, a double twisteroo in the issue of labor union corruption would be a scheme to get voters' minds off the subject, in the belief it was being taken care of by Congress, when in truth Congress was too scared of union influence at the polls to look cross-eyed at a union leader.

## Investigators Can 'Git' You

The possibility that Sherman Adams might be nibbled to death one of these days by investigative ducks is suggested again by inclusion of his name in testimony before the House subcommittee on legislative oversight.

The title of this committee should not be misinterpreted. It does not mean the House has been neglecting any of its duties. It means the House has a duty to oversee regulatory agencies.

These are the agencies that politicians routinely make contact with in behalf of their constituents, which is a service all politicians are expected to perform. All that is necessary to prove the politicians are on the job is to investigate their contacts with the agencies.

But the investigation can be carried on in a manner to suggest that a routine performance is an underhanded, corrupt, sly maneuver. At any given moment on any given day a public figure can be smeared from head to toe with innuendos, exposed to ridicule by a caviling press and made the victim of as ruthless a character assassination as anything ever done in Moscow, where assassinations do not always stop at character.

The House subcommittee on legislative oversight demonstrated this earlier in the year when it drove Richard A. Mack out of the Federal Communications Commission. Its new targets of interest are the Federal Trade Commission and the Securities and Exchange Commission—and as before, it will turn out that one of the Washingtonians who got in touch with them and sometimes was in touch with people who had business pending before them was Sherman Adams, the presidential assistant. His name and others will be dragged through just enough innuendo to give gullible citizens the impression some kind of funny business was going on.

The funny business going on, however, will be in the House subcommittee on legislative oversight, which has rediscovered a technique most Americans hoped had been allowed to lapse in Washington—the technique of smearing reputations by innuendo and doubts planted in the minds of half-informed people who do not understand that government, like any other human activity, is carried on by methods commonplace among human beings.

If the investigative ducks nibble on the implacable Mr. Adams long enough, they might reduce his granite reputation to tatters at that.

## Just Plain Saucered Out

Nothing has changed our previous opinion that the best thing to do about the recession is give it a conversational rest.

Whenever there is nothing more to compare symptoms about, the recession will be at an end. In the meantime, the endless comparison of symptoms is nothing but economic hypochondria.

But it now becomes something to ponder as to whether or not the process called "saucering out" is beginning. When this happens—if it happens—it will be a new experience for the United States.

"Saucering out" is something invented by the gobbledygookers of economic charts and graphs and is supposed to refer to what happens when whatever has been going downhill finally gets there.

If it happened to be a line on an economic chart, it would flatten out before it either started to rise again, or went into a still further downhill movement. The place where it flattened out would be the "saucering-out" point.

This verbal use of "saucer" stems from a practice that never was in good social repute "saucering" coffee and tea. When "saucered out," they cooled more quickly and could be drunk either from the saucer, if the drinker's mouth was big enough, or poured back into the cup.

Ever since the economists dug it up from their private store shop-talk and began to use it, the question has been: How will it feel when the United States "saucers out"? This may be the time to take notes for posterity, if it should prove to be that "saucering out" is now taking place, as some commentators think it is.

Unfortunately, no one can be sure until there is time to see what the economic chart is going to look like by hindsight. But anyone who wants to risk it can take notes, and if this is "saucering-out" time the notes can become the framework of a sensational magazine article:

"I Was Saucered Out and Lived To Tell."

## Baseball for Boys

The Baseball for Boys organization in Marion reports it is having extreme difficulty obtaining enough volunteers to handle coaching, scorekeeping, umpiring and other jobs necessary to keep the program functioning properly.

The leagues have been operating in Marion six years now and at the outset assistance was fairly plentiful. But as the program has prospered and expanded the number of volunteers for official positions has not kept pace.

This is demanding, time-consuming and often thankless work, it is true. But the activity is of extreme importance in that it provides supervised and organized summer baseball for boys from 8 to 17.

The project has been an outstanding success here and it would be a real shame if lack of sufficient manpower were to force suspension or curtailment of its operations.

## Reminders in the Air

It is information of more than passing interest that the Robert A. Taft Memorial Carillon Tower in Washington will be the 100th in the United States. The magazine Steelways says there were only five carillons in the country 40 years ago.

One of the reasons for the popularity of carillons in recent years, according to Steelways, is the skill of Arthur Lynds Bigelow, a teacher in the school of engineering at Princeton University. He is one of the world's foremost carillon consultants and designed the Taft carillon. He is bell master at Princeton.

The music of a carillon evokes thoughts of religious devotion, scholarship, solemnity and all the respected traditions. As the time draws near for completion of the Taft Tower in Washington, it is clear that nothing better could have been chosen to memorialize the famous senator from Ohio.

## The Once Over

*By H. I. Phillips*

New York subways are now in the soap promotion business. In rush-hour this can seem long overdue. A big soap and detergent company has made a deal with the city that three wrappers from any of its products will be good for one subway fare.

If cleanliness is next to godliness subway travel now figures well up. The New York subways have lost 80 million customers due to higher fares, autos, etc.

Soap labels are expected to lure back patrons. And as the soap company will redeem all wrappers at 5 cents each, the idea can cut down the subway losses. The city hopes all subway troubles may now "come out in the wash."

**ALREADY PEOPLE** are calling it the "SUDSWAY." It's the first time in transportation history that something like the trading stamp has been introduced.

If the soap idea spreads what about other products? Will a sporting goods corporation tie football equipment into underground travel, giving not only a ride with coupons but a helmet, a shoulder-harness and a pep talk by the late Knute Rockne?

Will a facial cream maker arrange for a subway ruling that on presentation of a half-dozen bottle-tops a woman rider will be guaranteed a SEAT?

**RUMOR THAT A BIG** brewery is arranging a deal through which three empty bottles will admit anybody to the subway is denied. Tempers being what they are in rush hours, bottles could be dangerous. But tired blood pills, aspirin, toothpastes and cigarettes may yet be linked into the subway fare problem and if soap wrappers are a hit, what's to stop towel manufacturers from getting into the transportation act?

(We know a big drug corporation that's interested. It is thinking of promoting a liniment by a switch through which it will take care of the bruises and abrasions of all subway riders presenting receipts for three subway trips!!!)

## Political Football

*By David Lawrence*

It can be said with a bit of irony that everybody in Washington is playing politics with the labor-union legislation — everybody but the people who are the victims of the abuses.

Lawrence

The workingman evidently is going to continue to see his union dues confiscated in large part for purposes which he does not approve.

Congress is supposed to enact legislation at this session to protect the worker against corruption in unionism. The Democrats have written a bill they claim is adequate. The Republicans are lining up against the measure because, they say, it is weak and deficient. The secretary of labor, James P. Mitchell, who is a "moderate" if there ever was one on labor legislation and who has been very friendly to organized labor, says about the proposed bill:

"After examining and analyzing the proposals that have just been made to the Congress by the committee, I am deeply disappointed to find that these proposals contain deficiencies and weaknesses of such magnitude that, were they enacted into law, I am convinced they would provide only illusory protection to trade union members and to the public, as well as being almost impossible to administer."

For saying this, Secretary Mitchell was promptly attacked by Sen. Ives (R-NY) who sarcastically says Mr. Mitchell is trying "to make a Republican thing" out of the bill. Mr. Ives has declined this year to run for re-election. He has never really come to grips legislatively with the evils that have been going on inside labor unions for many years.

**SEN. IVES** is not one of those members of Congress who in his campaigns received financial support from the unions but there are many other legislators who have been receiving large campaign contributions. The sums contributed are, of course, a matter of record.

It is a fact that the labor unions have made a "Democratic thing" out of labor legislation in the past and have seen to it that approximately 175 present members of the House and Senate did receive money contributions from the union committees in recent elections.

Nobody, moreover, can get the Democratic presidential nomination who doesn't have the support of the labor unions. President Franklin D. Roosevelt used to say about matters of importance at the Democratic national convention, including the approval of vice presidential candidates, "Clear it with Sidney." The reference was to Sidney Hillman of the big union of garment workers in New York.

Today, unless Walter Reuther of the United Auto Workers Union gives his "clearance," nobody can get the presidential or vice-presidential nomination on the Democratic national ticket. Sen. Kennedy of Massachusetts, who is often mentioned as a possible nominee on the Democratic ticket, cooperated with Sen. Ives and did a masterful job of putting together a piece of legislation that the labor unions find palatable.

**THE LABOR LEADERS,** however, really don't want any legislation passed and they may have enough votes to kill all the bills in the House later in the session. But they are appreciative of the strategy of the Massachusetts senator in at least refusing to go along the route of the administration, which favors much more restrictive legislation.

The Republicans know they have a big issue in the corruption disclosed in labor-union finances.

The Democratic party's proposals would punish only individuals inside labor unions who mishandle funds but would do nothing to punish unions for irresponsible acts in the way of violence and secondary boycotts. Nor are the Democrats ready to defend the constitutional right of a worker to refrain from joining a union if he so desires or his right to insist that his dues shall not be used for political purposes.

The whole debate will continue into the next campaign, when the American workingman will be asked to vote for members of Congress who are ready to protect his pay envelope not only against the raids of embezzlers and others who mishandle union funds but against the activities of politicians inside the labor unions who are interested primarily in feathering their own nests.

Many millions of dollars in dues could be saved for the American worker if there were stringent laws to prevent the abuses involved in the gathering of so-called "strike funds" and in the autocratic behavior of those union bosses who terrorize the rank and file.

## Art of Letter Writing

*By Hal Boyle*

NEW YORK — "As her favorite nephew, we know you will be deeply distressed to learn of the passing of your late beloved aunt, whom we had the pleasure of serving as attorneys for 50 years.

HAL BOYLE

"Probate of her will disclose that you—."

Who, on receiving a letter that begins in this way, could refrain from reading it all the way through?

Practically no one.

But how often does one get such a really interesting letter as this one? Hardly ever.

**WHEN YOU ARE** very young, any letter is exciting and holds the possibility of great mystery. You turn it over and over to prolong the thrill. And when you open it, you are content even if it is only a form letter telling you how to raise guinea pigs for fun and profit, or how to build bigger muscles for $3.95.

But as you grow older and more cynical, the romance tends to disappear from the postman's mailbag. Mankind is flooded daily by an ocean of mail, most of it wasted because most of it is unread.

The art of letter writing has fallen into a period of sad decay. The average man feels he is lucky if, amid a thousand letters sent to him, he finds one that is really worth the trouble of opening.

**THE BULK** of his mail consists of bills, charity appeals or invitations to buy something he either doesn't want or can't really afford. Most of this he tosses away.

But now and then he gets a letter turned out by someone who really knows how to write. For example, I can't help finish letters that start out as follows:

"The enclosed check is in grateful appreciation of—."

"We have read the manuscript of your stirring novel and are happy to inform you that—."

"Our board of directors, despite the recession; have voted an extra quarterly dividend of—."

"A review of your 1956 tax return has disclosed you overpaid—."

"Remember how I had to fight you to get you to buy that $1 chance on a new 1958 convertible? Well, the winning ticket has been drawn, and guess who—."

"Usually our country club requires a $500 initiation fee for new members, but in your case—."

**"FRANKLY,** I thought your son would flunk out the first semester. However, now I must admit—."

"Remember the little redhead who stood you up on that prom date in 1938? Well, all these years my conscience has—."

"The lodge next year has to be led by a guy who has real character as well as drive. Your name came up during—."

"Your wife returned the dress, and a credit of $175 has been made to your—."

"Cocktails will be served at—."

But you don't hardly get that kind of letter any more, do you?

## Cutting Whose Taxes?

*By Hal Boyle*

Recent samples of businessmen's opinions on the desirability of tax reduction in this session of Congress reveal an amazing variety. This can be interpreted only as an indication that each man is thinking about his own business when he approaches the subject.

Some, like certain automobile manufacturers, apparently think in terms of cutting excise taxes on their product. Some bankers are thinking of relief for investors — by cutting taxes on larger incomes.

Henry Kaiser, who did well during the period of big government spending and inflation, is apparently for more spending and less revenue.

Another group of manufacturers is thinking about the unlikely prospect of a periodical reduction of the corporation income tax. Most small business, which are heavily handicapped in becoming larger businesses, want the restrictions on growth removed.

**AN OUTSTANDING** opponent of any cuts at all is Ralph Cordiner of General Electric, who says that tax cuts "should be resisted" at this time. This may well be because Cordiner is one businessman who has, in speech after speech, pointed out the necessity that businessmen generally consider the importance of political activity.

In other words, he is a man who sharply understands political trends and the political climate in which business has to operate in the many areas in which the political arms of the unions are most powerful in electing or defeating members of Congress.

For when the subject of tax revision is considered, the read questions are what political considerations would prevail in this Congress and what would be decreed by politics in cutting taxes in an election year.

Congress is not entirely controlled by, but is heavily impregnated by the views of members who are obsessed by the economic fallacy that the way to end the recession is to lower the tax burden on small incomes and thus provide more "purchasing power."

It hardly needs to be demonstrated that the reduction of taxes on a few million small incomes would not necessarily mean that the amount saved would be rushed into buying. A lot of it would pass unnoticed, because withholding taxes come in small bites over the year.

Many people would do what they are doing now — save their money. Altogether, the amount added to purchasing power would be relatively small in an economy like ours.

**ANOTHER CONSIDERATION** is involved. Almost certainly, a tax cut for "the little fellow" would take the form of raising exemptions, which would release a great many from all responsibility of paying federal income taxes.

The plain lesson of experience is that once the reminder of direct taxes is removed from small incomes, it will never be restored except in war or other grave emergency. That would mean that such "little fellows" would be indifferent to government spending because "somebody else is paying for it."

It does little to remind them that they will pay dearly for government deficits through inflation, which is the most devastating of all indirect taxes.

But tax cuts on small incomes are, regrettably, wonderful vote bait. And vote bait is what most candidates are concerned with this year.

Fortunately, the President and his secretary of the Treasury, close as they are to prevailing congressional opinion, believe it best to drop all tax cutting or revision until a more propitious time. Also, since they are confronted with huge deficits, they are keenly alive to the perils of another round of inflation.

The one sure protection against political tax cutting is no tax revision this year. It is better to bear the present burdens than to fly to others that can be infinitely worse.

The lack of understanding of this political climate in Congress by some of the businessmen who want tax cuts now reveals once more the need that business become a bit more sophisticated in political affairs. For politics is a dominant factor in business calculations, or ought to be.

## Purely Personal

*By Truman Twill*

I believe self-governing people reach a point of satiety with legislative bickering and that the point is reached in the United States each summer as Midsummer Day approaches. June 24 is the day.

Why a rabbit surrounded by nature's goodies chooses to eat the leaves off the new beans in my garden is hard to understand, except that rabbits may be as fond of bean sprouts as I am.

I never have seen or heard a takeoff on what men would sound like if they talked like women that did not fracture me. Like this one from The Wall Street Journal: "I'm dying to go to the club's annual stag party, but I don't have a thing to wear. All the fellows have seen my old tweed and I wore the gray flannel suit to last year's party."

All I want for Father's Day this year is a platter of scrambled eggs with bacon on the side and a pot of stout coffee with toast and marmalade served to me in bed, with the Sunday paper on the side. It is all I have ever wanted, come to think of it.

I wish someone dared to surprise a commencement audience some June with a pointed speech letting the air of the pompous arrays of wisdom that comencement speakers customarily put together for the occasion.

Of all the weirdly assorted summer jobs I held when I went to school, the one I remember most fondly was peddling ice, an occupation that has passed from the American scene.

My favorite chore as a part-time groundskeeper is trimming a privet hedge that grows around a terrace at our house, because nothing shows more results with less effort.

Thanks to the new lightweight fabrics used in men's clothing, there is no more agitation to emancipate males from summertime suffering.

Is there any gastronomic treat more enjoyable than a bowlful of Bibbs lettuce wilted with hot vinegar and served with pieces of crisp bacon?

I wonder how many hard-of-hearing people who don't need glasses will start wearing the new glasses that conceal a hearing aid in the part that hooks over the ear.

The remark that sums up my distate for class reunions was made this year by a former classmate with an eye for feminine beauty who asked when the prettiest girl in the class showed up, "Who's that?"

It is my observation that cats and dogs eat quantities of grass when allowed to live in a natural state, and I suspect this would reveal something of importance if scientists looked into it. Many humans also like to chew grass, apparently because instinct prompts them to seek something in it that their bodies need.

All the profound ideas about the auto industry, it seems to me, could be wrapped up in this statement: There is no shortage of cars.

I am astonished that no one seems to be getting ready to build an amphibious automobile, to take advantage of the boating craze.

**40 YEARS AGO** — While the German crown prince continued pressure on the Mondidier-Oise front, another battle in the Aisne-Marne line broke out.

It was reported that two more Austro-Hungarian battleships had been sunk by Italian torpedo boats.

American marines held Belleau Wood, a small straight forest northwest of Chateau Thierry on the Marne front. Brig. Gen. James G. Harbord was commander of the U.S. Marines in France.

McKinley Park in Marion was formally opened for the benefit of youngsters in the community.

**20 YEARS AGO** — More than 40 members of Emanuel Lutheran Church and the pastor, the Rev. M. E. Hollensen, traveled to Kenton for a Lutheran worship service at the courthouse there, held under the auspices of the Ohio district of American Lutheran churches.

The Marion Workers League edged out the Richwood Independents, 10-9, in the only baseball game of the day in Marion.

**10 YEARS AGO** — Firestone Tire and Rubber Co. and the CIO United Rubber Workers signed a companywide contract providing for 11-cent-an-hour wage increases for 23,000 employes.

Leaders of the CIO United Electrical Workers accepted an eight per cent wage increase for 125,000 employes of the General Electric Co.

## Smith on Stand In Clinic's Suit Against Doctor

Dr. Philip W. Smith resumed the witness stand this morning as a hearing on the Frederick C. Smith Clinic injunction suit against Dr. Thomas S. Lastrapes moved into its second day in Common Pleas Court.

Walter D. Moore, chief counsel for the defense, continued cross-examination of Dr. Smith which he began shortly before noon yesterday.

The Smith Clinic is seeking a permanent injunction to enjoin Dr. Lastrapes from practicing in Marion County for four years dating from Jan. 1, 1957. The clinic alleges Dr. Lastrapes, a former staff member, violated a contract with the clinic by engaging in practice here after leaving the staff.

Attorneys for Dr. Lastrapes, however, contend that the contract he signed with the clinic is not valid because the clinic's partnership dissolved before he joined the staff in June, 1955. Even if the contract were valid, the covenant prohibiting his practice for four years after leaving the clinic is unreasonable and restrictive, his attorneys argue.

Mr. Moore said the defense also will attempt to prove that Dr. Lastrapes' continued practice here is essential to the welfare of the community.

The clinic is represented in the suit by the local law firms of Strelitz, Halberstein and Mitchell, and Donithen, Michel and Davis. Representing Dr. Lastrapes are the law firms of Moore, Myers and Parsell, and Moloney and Kelly.

The case is being heard by Judge Jay S. McDevitt of Mount Vernon who presided at the original hearing in February, 1957, while Judge Paul D. Smith was on vacation.

## Pitcairn Islander To Talk to Group

Parkin Christian of Pitcairn Island, a descendant of the famed Bounty mutiny leader, Fletcher Christian, will be in the Marion area Friday night for appearance at the Seventh-day Adventist Junior Academy at Monnett.

He will speak at the public meeting, show pictures of the Pacific islanders and display curios and other items of interest. His stop here will precede attendance at they 48th quadrennial general conference of the denomination at Cleveland. The program at the school will be under direction of Elder Walter Haase, pastor of the local Seventh-day Adventist Church.

Arriving in this country last month, the "elder statesman of Pitcairn Island" has made a tour of several eastern states under sponsorship of the Columbia Union Conference of Seventh-day Adventists. Nearly all inhabitants of the island are of that faith.

The 73-year-old civic and church leader was until last January this year chief magistrate of the island council and acted for the governor of Fiji in all civil matters. He will be one of 1,000 official delegates from 90 countries scheduled to attend the conference in Cleveland. There will be 34 other delegates from the church's Pacific division.

Time of the meeting at the school will be 7:45.

## Christian Makes Visit To Governor O'Neill

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill had a famous visitor today. He was Parkin Christian of Pitcairn Island, direct descendant of the leader of the famed "Mutiny on the Bounty."

Christian visited the governor's office to pay his respects this morning, prior to a series of public appearances here under sponsorship of the Columbia Union Conference of Seventh-Day Adventists.

## Edgar Welch, Former Marion Resident, Dies

Edgar M. Welch, 68, of Peoria, O., a former resident of Marion and Green Camp, died Tuesday at 8 a.m. in Memorial Hospital at Marysville following a long illness.

He had been an Erie Railroad station agent for the Kent Division, retiring 11 years ago.

He was born April 2, 1890, in Broadway and was married on Dec. 30, 1910, to Ethel Shelton.

Surviving besides his widow are two daughters and a son, Mrs. Lawrence Rhoads of Peoria, Mrs. W. H. Shackelford of Cleveland and Russell Welch of Urbana, O., seven grandchildren and five great grandchildren. His parents, a sister and a brother are deceased.

Funeral services will be conducted at 2 p.m. Friday at the Methodist Church in Raymond by the Rev. W. E. Riley. Burial will be in the Broadway Cemetery. The body is at the Willard-Winters Funeral Home in Raymond where friends may call until time for the funeral.

## Enters Guilty Plea

Harry E. Fix, 19, of 347 Brentwood Dr. appeared in Common Pleas Court this morning to enter a guilty plea to an auto theft charge. Earlier he had pleaded not guilty. Judge Paul D. Smith took Fix's case under advisement.

Fix was bound over to the grand jury and subsequently indicted on the charge after he was arrested on a warrant signed by Robert C. Ellwood Jr. He was returned Wednesday from Lima where he spent three days in the state hospital for observation.

Holley Baker is his court-appointed attorney.

## Secretary of Air Force Rebukes Gen. Anderson

WASHINGTON (AP) — An Air Force general who announced planning dates for shooting rockets at the moon got a verbal wrist slap from his boss Wednesday.

Secretary of the Air Force James H. Douglas said the dates announced by Lt. Gen. S. E. Anderson "should be wholly disregarded."

Anderson, director of Air Force research and development, said at a news conference in Milwaukee Tuesday that the Air Force planned three moon shots this year, the first in August.

# Lodge Activities

Mrs. Dorothy Sifritt was hostess for a meeting of the Ladies Auxiliary to Marion chapter, International Fire Fighters, Monday night in her home at 364½ Pearl St. Devotions and prayer were by Mrs Margaret Lodwig and 11 members answered roll call. Miss Judy Lowry was a guest. Receiving the traveling gift was Mrs. Hazel Butterworth.

During the social hour, prizes in games went to Mrs. Irby Hunter, Mrs. Mary Anna Stafford, Mrs. Lodwig, Mrs. Delores Stroble, Mrs. Emma Riddle, Mrs. Jean Lowry, Miss Lowry, Mrs. Margaret Ganoe and Mrs. Pat Coldwell.

Refreshments were served by the hostess, assisted by Mrs. Avonell Blackford.

Picnics for the group were planned for July 14 and Aug. 11 at Lincoln Park and the next regular meeting will be Sept. 8 with Mrs. Ganoe of 191 Windsor St.

—:—

Kosciusko Lodge 58, IOOF, at a regular meeting held at the Odd Fellows Temple Monday night, completed plans for a joint Odd Fellows and Rebekah Memorial service to be held Sunday, June 15 at 2:30 p.m. in the hall.

The service will pay tribute to members of both organizations who have died during the last year.

The speaker will be the Rev. Sheridan T. Walker, assistant pastor of Epworth Methodist Church.

In other business, plans were made for a Father-Son Banquet, Monday, June 23, at 7:30 p.m. in the hall. A short business meeting will be held at 7, followed by a chicken supper and program.

# Mrs. Grounds Heads Chapter Of Secretaries

Officers for the new year of the Marion Chapter, National Secretaries Association, were installed in a candlelight ceremony when the chapter held a dinner meeting Tuesday evening in the Presidential Suite at Hotel Harding.

Mrs. M. L. Grounds of 755 Blaine Ave. was installed as president of the chapter. She succeeds Mrs. Gyles Lynch as head of the group.

Mrs. Grounds is secretary to Jack F. Carr, vice president in charge of production at the Jay H. Maish Co.

Taking office with her were Miss Elizabeth Earley, vice president; Miss Anne Dennis, recording secretary; Mrs. M. A. Judy, corresponding secretary, and Miss Elizabeth Haberman, treasurer.

Year end reports were given by the officers and the various committee chairmen and Mrs. Lynch reported on the Ohio Division meeting held May 23-25 in Columbus. Mrs. Lynch was elected a delegate to the national convention to be held July 16-19 in Minneapolis, Minn.

As retiring president, Mrs. Lynch was presented a gavel guard for her NSA pin from the chapter and she in turn presented gifts to all the members of the group.

## Named to Committees

M. E. Baldwin, secretary of the Marion AAA Club, and three area AAA officials have been appointed to committees planning for the 52nd annual convention of the Ohio State Automobile Association to be held June 19 and 20 in Akron.

Mr. Baldwin will serve on the committee governing rules and order of business. Other committee appointments are: Fred Trautman of Bucyrus, credentials; Grace Thomas of Galion, nominations, and Richard C. Baker of Kenton, credentials.

# Weddings

Announcement is being made of the marriage of Miss Martha Jane Gilbert, daughter of Mrs. Ruth Gilbert of 203 Frederick St., and Donald Robert Pryor, son of Mr. and Mrs. Clarence Pryor of 757 Silver St.

The wedding took place on Saturday, June 7, at 3:30 o'clock in the afternoon in the home of the bridegroom's parents with the Rev. C. E. Bulen of Westminister, Md., officiating. Bouquets of spring flowers were throughout the room.

Attending the couple were Miss Marilyn Pryor and Walter Pryor, sister and brother of the bridegroom.

The bride was attired in a street length dress of white nylon.

A reception for the immediate families followed. Mrs. Pryor was graduated from Harding High School this year. Mr. Pryor, a graduate of Harding in 1954, served three years in the U.S. Army, with 28 months of that time overseas in Germany. He has been employed at the Marion Power Shovel Co. plant. They are making their home at 779½ Silver St.

# Bucyrus Resident Severely Burned As Gas Explodes

GALION — Marion (Ted) Snowden, 45, of Bucyrus, a partner in the Hickory Farm Market, near the intersection of U. S. 30-S and State Rt. 61, was severely burned in a gas explosion, Wednesday afternoon.

The blast occurred in the smokehouse at about 12:45 p.m. Mr. Snowden's partner, Paul Motter of Bucyrus, said he thought escaping gas exploded when Mr. Snowden lighted a match to start a gas-fired meat-smoker.

Mr. Snowden suffered first and second-degree burns on the face, arms, hands, chest and back. He is a patient at Galion Community Hospital. His physician said that he expects Mr. Snowden to recover satisfactorily.

The top part of Mr. Snowden's apron ignited, and his collar was smoking when he ran to Pry's Service station which adjoins the market. Frank Pry, operator of the station, took Mr. Snowden to the hospital.

## Sailor Indicted

PAINESVILLE, Ohio (AP) — Donald Lee Gross, 19, of Mount Vernon, will be arraigned Monday in Lake County Common Pleas Court on an indictment for breaking and entering and grand larceny. Gross was arrested in April, while he was AWOL from the Navy, and charged with breaking into Harvey High School here and stealing a $300 movie camera.

# Two Marion Men Named Delegates To Lodge Meeting

Two Marion men will be among 1,000 delegates attending the B'nai B'rith District Grand Lodge 2 convention in Cleveland June 14-17.

They are: James Teitelbaum, president of Marion Lodge 864, and Robert Babich.

The 106th convention for the Jewish men's organization will have headquarters in the Carter Hotel. Delegates will be attending from New Mexico, Kansas, Missouri, Indiana, Ohio, Kentucky and Colorado.

The meetings will be conducted by Edward Blaugren of Cleveland, president of District 2.

Judah Shapiro, national director of the B'nai B'rith Hillel Foundations, will be the keynote speaker on Saturday. Addressing the group at the closing banquet will be Phillip M. Klutznick, international president of the organization, and a representative to the United Nations.

International B'nai B'rith consists of eight districts in the United States; two in Europe and one each in Israel and Canada. It has a total membership of 350,000.

**Loses by Own Vote**

SUMMER COMFORT

Follow the sun and relax in a lightweight outdoor chaise. We have several styles that have fully adjustable aluminum frames with spring or airfilled cushions and folding models with strap or solid Saran webbing.

**Wonderful values starting at only $13.85.**

The lengthening days are a prelude to summer — that glorious season of liberation when we put off the garment of winter to enjoy longer hours of sunlight and spend most of our leisure time outdoors reveling in the splendor of summer vegetation. Porches, patios and backyard barbecues are readied for season-long activities.

A covered porch makes a perfect summer living room. Lightweight furniture is the ideal choice here, either metal, reed or wood. A wicker or metal couch set against the wall of the house with other furniture grouped around it as in a living room makes this an inviting spot.

Furniture for the patio or terrace should, of course, be weather resistant — painted metal or wood, and certain types of reed and fiber. In choosing colors, be sure to consider the background color against which you place other colors.

The furniture on the terrace sketched above was chosen to blend with the field stone colors of the house. The white plastic upholstered sofa matches the trim of the house . . . and is water proof. Blue umbrella, terracotta canvas chair seats add gay color accents.

Here is an attractive spot for outdoor living, a place to "vacation" during every free summer hour at home.

# Institution's Plan for Rehabilitation Is Benefit to Both Inmates and Public

By WILLIAM VANCE

Marion Correctional Institution inmates today are getting a beter chance to prepare themselves for the "outside" thanks to contributions from interested citizens and industrial firms.

Under the direction of C. N. Adrean, associate superintendent of treatment, the inmate rehabilitation program is becoming more and more a cooperative endeavor aimed at benefiting both inmates and the public.

Vocational classes are now being conducted daily in automotive, refrigeration, radio and television maintenance and repair. In addition, the institution library is rapidly expanding, a comprehensive prerelease program is being offered and athletic facilities are coming in for more use.

—:—

**BASICALLY**, the aim of the rehabilitation program is to prepare inmates for a useful and law-abiding life in civilian society. If the program achieves its aim, society obviously benefits along with the inmate.

The vocational classes are filled with activity and a visitor is immediately impressed with the concentrated effort being put into those classes by the inmates and their instructors.

W. Kennard Bruce, auto-vocational supervisor, has been largely responsible for obtaining equipment for his 24-man class. He writes to manufacturing firms throughout the United States. outlining the nature of the institution program, and mentions that donations of any new or used equipment would be appreciated.

And the letters pay off. Equipment donations valued at nearly $5,000, less expendable items, have been received from 32 cities in 14 states.

In Marion, the Huber-Warco Co. gave the institution a $1,280 turret lathe and $200 worth of lathe tools to use as long as the auto-vocational shop is in existence. Malo Bros. Wrecking Co. donated a junked motor and body assembly.

Inmates in the auto-vocational class spend half of each day in class and use the rest of the time gaining practical experience in the shop.

—:—

**VIRTUALLY** the same operation is in effect in the air conditioning and radio-television classes under the supervision of Lee Evans. He instructs about 18 inmates in radio and television maintenance and repair and has 11 enrolled in his air conditioning and refrigeration class.

At present, the class is maintaining about 160 television sets and some 1,000 radios. The air conditioning class is just getting a good start.

Mr. Evans also is responsible for obtaining most of the equipment for his classes. He has received instruments and materials from at least 10 cities in Ohio, Indiana, Pennsylvania and Illinois. Contributors from Marion include the TV Lab on W. Columbia St. and the Elks Lodge.

The institution's prerelease program consists of a series of nine meetings covering a host of subjects and problems concerning the newly released inmate's relationship with society, their families, parole officers and prospective employers.

Law enforcement officers from Marion and other Ohio cities, judges, industrial leaders and personnel workers participate in the program.

—:—

**PLAYING** A major role in setting up these meetings and conducting the programs are Doyle Shackelford, supervisor of the social service department at the institution, and Karl Stansberry, institution parole officer. Among Marionites who have spoken to inmates during the pre-release sessions are:

Police Chief Justin Cornely; Mrs. Vivian Hall, director of the Marion County Welfare Department; William Stout, personnel manager at the B. F. Goodrich Co.; Tim Wyant, former personnel manager at McMillen Feed Mills; C. J. Roberts, personnel manager at Eaton Manufacturing Co.; Mrs. Doris Maxwell, executive secretary of the Family Service Society; Mrs. Mary K. Mills, manager of the Ohio Employment Service; and Harold F. Hoehner, supervisor at the employment service.

The institution's library consists of about 5,000 books, not including several reference volumes, about two-thirds of which are fiction. Most books are donations solicited by members of the administrative and security staff.

One section of the library now doubles for a protestant chapel. A new chapel is under construction to the west between the library wing and the dining room.

On Tuesday, the Grace Episcopal Church in Galion presented 500 fiction volumes and 500 magazines to the institution. The contribubtion, made by the Rev. R. J. Elliott, pastor of the church, was the result of a six-week collection drive by the church.

And for prisoners who wish to improve their verbal expression, a Toastmaster's Club has been organized at the institution. Sponsored by the Marion Toastmaster's Club, the MCI organization now has about 25 members who meet each Wednesday. Trophies are awarded for the best speech and best evaluation at each meeting.

Francis A. Coghlan, recreation supervisor, keeps the institution athletic program in high gear. The basketball team this year finished the season with a 24-7 record in competition with industrial league, county teams and teams from Mansfield and Bucyrus.

In addition, inmates have an opportunity to try their skill at softball, boxing and body-building. Football has not been played since two years ago, although Mr. Coghlan says there is a possibility it may be resumed in the future.

The institution boxing ring was built by the inmates. It recently was the scene of Marion's first boxing attraction in several years when the Fraternal Order of Police Associates sponsored a fight show there.

—:—

**THE INSTITUTION** also has taken steps to give inmates a chance to participate in community projects. Examples:

Inmates worked on mail campaigns for the General Hospital bond issue last fall and the mental health fund drive last year.

They prepared displays and posters for the Ohio State Fair and also painted United Appeals and Salvation Army signs.

From March, 1957, to January, 1958, inmates contributed 949 pints of blood in Red Cross blood donor programs.

Statistics linking alcoholism and crime have been fairly well substantiated and the institution has an active program similar to the nationwide Alcoholics Anonymous system. The instituion group publishes a monthly magazine entitled "Alvinos," containing inmate-written articles as well as reprints of stories concerning alcoholism.

## *Reunion Held by Class Of '33 at Martel School*

The 25th anniversary reunion of the Martel School class of 1933 was held Sunday at the home of Mr. and Mrs. J. R. Hedding near Martel. Eleven members of the class and their families attended the picnic and social entertainment.

A list of signatures of those present was compiled to send to Merle Shumaker of Florida who was unable to attend. Attending were Mrs. Irene Knowels Byerliy, Mrs. Vera Beers Kelly, Leland Kelly, Mrs. Ganelle Goldsmith Ettinger, Elvin Gist, Mrs. Dorothy Osborn Neff, Howard Neff, Mrs. Martha Baker Toman, Cecil Guinther, Clarence Grimes and Jay Hedding.

Class members spent the afternoon in reminiscing on school experiences while youngsters played games. A moving picture of the entire group was taken.

**MAMIE PRESENTED SCROLL.** Gerald R. Phillips, representing the National Multiple Sclerosis Society, presents Mrs. Dwight D. Eisenhower with a scroll 2 feet wide and 20 feet long in tribute to her inspiration to volunteer workers in the nationwide fight against multiple sclerosis. The scroll bears the signature of more than 1,000 students of Marshall College in Huntington, W. Va., where Phillips is an instructor in social studies. Mrs. Eisenhower is honorary chairman of the 1958 MS Hope Chest. (UPI Telephoto)

Insect Hordes Attack Wheat

# Colorado Asks Federal Aid for 'Hopper' Battle

DENVER (AP) — Colorado launched an attack against grasshopper hordes today, but Gov. Steve McNichols warned the action can be only a limited one unless large-scale federal aid is thrown into the fight.

The funds are needed, he said, to protect the 110-million-dollar wheat crop ripening on the high plains of eastern Colorado and for the hay crop needed to carry cattle through next winter.

Turned down by the White House Wednesday in an effort to have the region declared a disaster area eligible for civil defense funds, McNichols said he will appeal to the U.S. Departmentof Agriculture for part of 14 million dollars available for emergencies under the agricultural conservation program.

Wilton B. Persons, deputy assistant to President Eisenhower, informed McNichols of the White House decision. Persons said Eisenhower has ordered that all assistance available through the Agriculture Department be extended to Colorado, Kansas and neighboring areas.

Persons said in telegrams to McNichols and Gov. George Docking of Kansas that a federal survey of the grasshopper threat has been completed.

McNichols announced he will ask the Legislature, when it meets Monday in emergency session, to appropriate up to a million and a half dollars for the struggle with the hoppers. This apparently would wipe out the surplus in the state's general fund.

Paul W. Swisher, state agriculture commissioner, reported the hopper infestation now covers more than 10 million acres in 21 counties.

The state agriculture department announced the start of a range spraying program, with five two-engine planes flying out of Cheyenne Wells, in east-central Colorado. It said nearly 500,000 acres will be covered in this cooperative venture at a cost of about 60 cents an acre.

Chief Highway Engineer Mark U. Watrous reported his department will begin spraying roadside weeds along 18,000 miles of roads in eastern Colorado Friday, using 25 pieces of spraying machinery.

## Named Law Dean

ADA, Ohio (AP)—New law dean at Ohio Northern University is Eugene Nelson Hanson, a member of the faculty for 11 years. He was named Wednesday by President F. Bringle McIntosh to succeed Stephen R. Curtis, resigned.

## $700 Million Loan, Other Action Slated

### Closed-Door Session Is Scheduled After Senate Approves Bill

WASHINGTON (AP) -- Quick House action is expected on legislation to authorize 700 million dollars in government-guaranteed loans and other help for the ailing railroads.

The Senate passed the bill by voice vote Wednesday and the House Commerce Committee was called into closed door session to tackle the measure today.

As passed by the Senate, the bill also would permit the railroads to discontinue unprofitable interstate trains unless the Interstate Commerce Commission determines the carriers are not suffering net losses and overrules them.

The Senate cut out a provision that would have permitted rail, air, barge and truck carriers to set up reserve funds that would be free of income taxes for five years if the funds were invested in new equipment.

On motion of Sen. Richard B. Russell (D-Ga), the Senate eliminated authority for the ICC to permit discontinuance of trains operating wholly within a single state. In the amended form, the bill would give the ICC authority to permit discontinuance of any train that crosses from one state into another.

Under the bill, the ICC would authorize government - guaranteed loans to the railroads for acquisition or construction of new equipment.

"Of course, we are a minority by 30", Martin said. "We will have to pick up some Democrat votes to prevail, but I am hopeful that we will."

## Ohio Fuel Gas Granted Rate Increase in Findlay

COLUMBUS, Ohio (AP) — The Utilities Commission today permitted the Ohio Fuel Gas Co. to charge its 9,360 customers in Findlay higher rates, but the new rates will bring in less than a half of the additional revenue the company wanted.

The gas company appealed from a Findlay rate-setting ordinance of June 5, 1956, asking a $150,000 increase. That would have been 13½ per cent higher than the ordinance rates.

The commission authorized the company to increase its rates by $65,142 annually, saying that increase would provide the company with a reasonable rate of return on its property. The new rates are nearly six per cent above the present ordinance rates.

## Racing Days Are Over For Calumet's Tim Tam

NEW YORK (AP)—Tim Tam's racing days are over, trainer Jimmy Jones said today. The Calumet Farm 3-year-old star will be sent to the University of Pennsylvania for an operation on his injured ankle.

The decision was made after Jones conferred with Dr. William O. Reed, his veterinarian at Belmont Park.

"I have no hopes he'll ever race again," Jones said of the colt who won the Kentucky Derby and the Preakness. Tim Tam missed the so-called triple crown when he broke a sesamoid bone in the Belmont Stakes last Saturday and finished second.

The Very Rev. Fr. Spickerman was born Oct. 14, 1883, in Cincinnati, a son of the late William J. and Catherine Woll Spickerman. He attended Sacred Heart elementary school at Camp Washington, St. George Preparatory Seminary and Mt. St. Mary of the West Seminary.

He was ordained in 1908 by the late Archbishop Henry Moeller at the Cathedral of St. Peter in Chains in Cincinnati.

His first assignment was to the Holy Angels parish in Sidney, where he was assistant pastor two years. From 1910 to 1912, he served as chapalin at St. Elizabeth Hospital in Dayton and subsequently served as assistant pastor in his home parish of Sacred Heart at Camp Washington.

He received his first pastorate in 1913, when appointed to head St. Joseph Church at North Bend in Hamilton County. Later, he was sent to St. Aloysius Church at Bridgetown, from whence he moved to Marion in November of 1928.

## Catholic Schools To Dismiss Friday

Catholic students will report to class for the last time of the current school year Friday morning when pupils at both St. Mary elementary and Marion Catholic High School hold a service honoring the Very Rev. William J. Spickerman, St. Mary Church pastor who is celebrating the golden jubilee of his ordination.

Elementary youngsters will meet following the 8:15 a.m. mass while Marion Catholic students will convene at 9:15 a.m.

Both groups are expected to be dismissed about 10:30 a.m. after the special program and distribution of grade cards.

## Weis Elected To OSU Post

### Is Vice President of Alumni Association

Jack Weis of 206 S. State St. has been elected first vice president of the Ohio State University Alumni Association.

A 1926 graduate of the university, he has been active in alumni affairs for many years. Chairman of the Marion County OSU Development Fund the last seven years, he also has served on the local chapter's board of directors for some time.

He was elected by members of the alumni association after nomination by a national nominating committee.

In his new position he will be a member of the university's board of directors.

Among his local activities are membership on the board of directors of the YMCA and the Marion Country Club Holding Co. He also is a Kiwanian, a member of the Elks Lodge and a Mason.

## Directors Named By Concert Group

Eleven new members have been elected to the board of directors of the Marion Concert Association and the fall membership campaign has been set for the week of Sept. 15, Mrs. Richard Wills, president, announced today.

New members named to the board are Mrs. Robert Babich, E. L. Mitchell, Dr. Thomas Quilter, Dr. R. R. Williams, Richard Fisher, Paul Smongeski, David Jones, Jacque Jones, Richard Probst, Mrs. Julian Walker and Richard Cole.

Selected as chairman for the fall membership drive was Mrs. George Lane. Present for the meeting held Tuesday night at the YMCA was Harold Welch, campaign consultant of New York City.

## Worker Hurt in Plant

Harold Almendinger, 49, of 801 Bellefontaine Ave. was in "fair" condition at noon today in Marion General Hospital where he was taken earlier following an industrial accident in the Osgood Co. plant.

Mr. Almendinger suffered a compound fracture of the skull and a fractured pelvis when struck by a swinging crane hook while working on the plant's assembly floor.

An employe of the company 22 years, Mr. Almendinger was treated by an Osgood first aid nurse and then was taken to the hospital in a Hughes-Hyll ambulance.

## Three Suits Settled

Three damage suits filed by Mrs. Emma Zieg and Mr. and Mrs. Harold A. Sult against Denver Morrow were settled out of court Tuesday, William Wiedemann, an atorney for the plaintiffs, said today. It was incorrectly reported in Wednesday's Star that the suits had been dismissed.

## Manhunt

(Continued From Page 1)

years old, over six feet tall and weighs about 250 pounds. He is believed to be wearing a red plaid shirt, dirty trousers and a white plastic cap and is barefooted. Shoes believed to be his were found by sheriff's deputies yesterday.

**Posed as Junk Buyer**

In the attack yesterday, the man, who posed as a junk buyer, surprised the two women at the door of the farm house and grabbed them by the wrists. The older woman broke away and ran upstairs, but was caught and tied after the man tied and dragged the younger woman up the stairs, a sheriff's deputy said.

He assaulted the two women several times in an upstairs bedroom and was threatening to assault the older woman's seven - year - old daughter, sheriff's deputies reported.

The man was frightened off when the older woman's brother and two of his friends came to the house to repair an automobile. They saw smoke coming from the house from food burning on a stove and went inside to investigate. The brother called for his sister and she shouted from upstairs: "Get the gun."

Startled, the attacker bolted down the stairs brandishing a butcher knife and met two of the three youths in the living room. He sliced at one of the boys with the knife and smashed the other in the face, knocking him down The other youth hurled a chair at the fleeing figure and the brother went to a closet and got a .22 caliber rifle.

**Shots Miss**

Running out the rear door of the house, the attacker raced off through a cornfield toward the Pennsylvania Railroad tracks. The brother followed and fired three shots at him but apparently missed each time.

Later, sheriff's deputies followed the attacker's footprints through the cornfield, across the tracks and into an oats field south of the tracks. There the footprints turned east toward the Olentangy River where they disappeared in the heavy undergrowth.

Both the women attacked yesterday were taken to Jane M. Case Hospital in Delaware where they were treated for shock.

The attacker is believed to be the same man who assaulted the older woman at the same house last December and another 58-year-old woman in Orange Township in Delaware County April 10.

A Columbus house in which the suspect is believed to reside has been placed under surveillance by Columbus police in the event the man has escaped the manhunt and returns to Columbus, sheriff's deputies said today.

## Traffic Cases

## Oil Is Flushed From Sewers By Heavy Rain

This week's heavy rains have helped flush out, temporarily at least, the W. Center St. sanitary sewer, Howard Travis, safety-service director, said today.

Oil has been accumulating in the sewer line from a mysterious source during the last month and city officials still are trying to find the source.

The heavy rainfall early this week flushed most of the oil out of the line, sanitation officials feel. Employes at the sewage treatment plant were unable to determine the amount of oil in yesterday's heavy flow. Mr. Travis had received no report on the amount flowing through the sewer today.

Laboratory technicians in Columbus have been experimenting for more than a week in an effort to determine the composition of the oily substance. Thus far they have reached no conclusion.

The oil has been entering the sewer somewhere between Cayuga St. and Fies Ave., city workers report.

## Inmate Freed On Writ Here

### Erroneous Sentence Cited in His Petition

Albert Finney, 34-year-old inmate at the Marion Correctional Institution, today won his bid for freedom on a writ of habeas corpus.

Judge Paul D. Smith ordered Finney freed following a hearing this morning in Common Pleas Court on the inmate's second petition for release.

Finney, who is the second prisoner ever to be released from the institution on a habeas corpus writ, was serving a sentence on a charge of larceny by trick.

He contended he was erroneously sentenced from Summit County in November, 1949. He alleged he was sentenced to consecutive 1 to 3-year sentences on two counts of issuing checks with insufficient funds and 1 to 7 years on the larceny by trick charge. Finney contended the sentences should have been made concurrent rather than consecutive.

Judge Smith rejected Finney's first bid for release on May 15. The case was taken under consideration this morning by the judge and Col. William Vance of the state attorney general's office. The order for Finney's release was issued within an hour after the hearing.

JOHN HABERMAN
Installed as Head of Organization

## Haberman Is New Leader of Green Camp Lions Club

Officers for the coming year were installed when the Green Camp Lions Club met Tuesday night.

They were: John Haberman, president; Vernon Davis, first vice president; Allan Dreyer, second vice president; Edward Pfeiffer, third vice president; Ray Eager, secretary; Edwin Schwaderer, treasurer; George Olsheski, lion tamer; Robert Smith, tail twister.

Kenneth Hedges, Edwin Gulliford, Joe Ward and Lemoyne Davis are directors.

Ralph Gillmor, district governor-elect of District 13-E, conducted the installation.

Mr. Haberman is associated with Floyd G. Browne and Associates.

The program featured a singing group of six girls and a boy from Amsden High School.

Awards for perfect attendance were presented to eleven members. Robert Lowry, retiring president, also received an award for being a "100 per cent convention chairman."

Making the award presentations was Vinton Swihart of Fostoria, a member of the extension and service committee.

Brief remarks by Sid Tennant, district governor, closed the meeting.

## Gasoline Stolen

Theft of about 20 gallons of gasoline from a tank and tractor on his property on County Rd. 162 (Marion-Williamsport Rd.) was reported to sheriff's deputies Wednesday by Donald Yeoman. He told deputies 15 gallons were taken from the tank and the remainder from his tractor. He said thieves have stolen about 100 gallons of gasoline from his farm during the last year.

### Safety Group Hears Report

## *Rise in Number of Fatal Mishaps Reported Here*

A review of traffic fatalities, injuries and arrests in Marion and Morrow Counties last year and the first five months of this year was presented to members of the Marion County Traffic Safety Council at its meeting Wednesday night in City Hall.

Cpl. D. M. Dewalt, commander of the Marion post of the state highway patrol, said that the monthly traffic fatality average is slightly higher this year than last year.

He said that injury accidents are averaging 16 a month this year or about four less than last year.

Arrests for various traffic violations totaled 911 in the first five months of this year or about 12 a month more than for the same period last year, he said.

—:—

**IN ATTEMPTING** to promote greater traffic safety, local patrolmen make about 12 or 15 safety talks a month before various organizations, he said.

Holiday periods normally aren't as hazardous in Marion and Morrow counties as are the average week days, Cpl. Dewalt said. More fatalities and injuries occur in this area on weekdays and normal weekends than on holiday weekends, he said.

Cpl. Dewalt also said that such things as the local vehicle safety check by the Junior Chamber of Commerce and the Kiwanis statewide distribution of safety handbills over the Memorial Day weekend are helpful in accident prevention.

"Anything that will constantly and continually remind the public of the need for safety helps reduce the number of accidents," he said.

In another part of the meeting, Joseph Galloway, president of the council, reviewed the major accomplishments of the group so far this year. He said that the council assisted in the Jaycees' vehicle safety check; brought about an improved stop sign condition at Routes 98 and 529; recommended an improvement on E. Fairground St. which resulted in establishment of a four-way stop at N. Greenwood St.; recommended changes in the turning regulations at W. Center and Oak streets, and assisted in preparing a National Safety Council inventory report of local accidents and safety activities.

—:—

**HOWARD GRIFFIN,** district director of the governor's traffic safety council, told the group that it must continue to do its safety work on a day-by-day basis if it is to be effective.

Mayor Wendell L. Strong reported that seven or eight courtesy cards handed out by the Rebels Hotrod Club members when they aided motorists in some way or another have been mailed back to him.

An announcement also was made that the Rebels are sponsoring a program to place identifying marks on automobile hub caps to help reduce hub cap thefts in Marion. Hub caps of local residents will be marked on June 14 and 21 at the rear of the Mark St. fire station and the markings will be registered with local law enforcement agencies.

Mr. Galloway announced that a citizen leadership action conference for safety council members from throughout the state will be held at the Youth Center on the state fairgrounds in Columbus on June 24 from 9:30 a.m. to 4 p.m. He asked that local council members desiring to attend contact him before the end of this week so reservations may be made for a noon luncheon.

## Bee Sting Leads To Crash of Car, Truck in Morrow

A trailer - tractor combination and a car sideswiped on Rt. 61 one mile north of the Delaware County line in Morrow County Wednesday at 5:30 p.m., patrolmen of the Marion post reported today.

Driver of the northbound rig told patrolmen his vehicle went left of center after a bout with a bee which entered the tractor and stung him on the shoulder.

Officers said the truck, driven by William D. Butler Jr., 28, of Grand Rapids, Mich., sideswiped a southbound auto driven by Juanita I. Jeffreys, 22, of Marengo.

The impact sent the trailer into the west ditch and the car off the right side of the road.

Patrolmen said the Jeffreys driver sustained the only injury, a bruised left side. She was not treated.

Charged with driving left of center, Butler was cited to appear before Mayor Ralph Porterfield of Mount Gilead June 28. Extensive damage was done to the car and moderate damage to the truck, patrolmen said.

## Boy Bitten by Dog

Donnie Caskey, son of Mr. and Mrs. Earl Caskey of 511 Euclid Ave. was bitten above the right eye by a dog Wednesday, the sheriff's office reported today.

## *State Senator Says Assembly Kept in Dark on O'Neill Plans*

TOLEDO, Ohio (AP) — State Sen. Frank King said today the Ohio Legislature is being kept in the dark about just what it will be asked to approve in the special session Gov. O'Neill has said he will call this month.

The governor, said Democrat King, "apparently is expecting us to go down there and rubber stamp his proposals."

King said there are three main areas of legislation he believes are "musts" for the special session:

Extension of unemployment compensation and clarification of the supplemental unemployment benefits laws. . . .

Rewriting of the county sewer and water line assessment law enacted last year. . . .

And appropriation of 10 million dollars to cover the greatly increased drain on state poor relief funds.

King said the administration is shilly-shallying on taking any action to legalize supplemental unemployment benefits by using the excuse that the question is being considered by the state Supreme Court.

"But the court has said it won't have a decision by June 30, and therefore the excuse, that O'Neill wants to wait for the court decision is so much eye-wash," King declared.

# Theater Filled For Children's Dance Review

The largest crowd ever to see a dance review in Marion turned out for a "newspaper in rhythm" production presented on the stage of the Palace Theater Wednesday night.

A capacity crowd of 1,300 attended the three-hour annual dance review, "Let's Go To Press" of the Martha Douce Dance Studios, which featured more than 200 local boys and girls.

A reception for members of the cast and their parents was given by Mr. and Mrs. Joseph Maniaci at the studio immediately following the show. Refreshments were served to approximately 250 guests.

The finale of the show, which featured a military number by the senior line, was highlighted by the presentation of flowers and a gift to Mrs. Martha Douce Maniaci, producer and director.

Black-and-white costumed dancers portrayed the newspaper, while various other color themes were used for the different newspaper departments and services.

For the mock bathing beauty contest and world majorette competition, trophies and blue ribbons were awarded.

Only four or five of the 230 boys and girls scheduled in the show were unable to appear because of illness or injury.

# *Men, Too, Sometimes Find It Difficult To Pick Out a Hat*

**HATTER'S HOLIDAY.** In this day of ever-changing fashion, the gals are not the only ones faced with a quandry when they enter a hat shop. Designers have come up with natty styles for the masculine set too.

LEFT: With a panama propped on his head, Ralph Wilson of 687 N. Main St. surveys this hatter's assortment at a local men's store with a rather perplexed countenance.

CENTER: After serious thought he succeeds in narrowing down the running to two summer casuals. The first doesn't quite have the right appeal. But the second is a charm.

RIGHT: The wide-rimmed straw with striped hat band gives just the proper appearance of sophistication. His air of confidence bespeaks the fact that he is now ready to take his place beside even the most pert and smart-hatted female. Summer styles have not caught him napping.

# Trade Bill Hits Snag in Senate

## Ike's Proposals Hit By GOP Leadership

WASHINGTON (AP) — Sen. Lyndon B. Johnson (D-Tex) gave "whole-hearted support" today to President Eisenhower's House-passed reciprocal trade agreements program.

The Democratic majority leader told the Senate he hoped it will pass "this very important" measure "without crippling amendments" at the earliest possible time consistent with adequate hearings.

He spoke as the administration-backed bill hit a Republican leadership snag.

In the face of a lop-sided 317-98 House vote Wednesday to continue presidential control over tariffs for five years, Sen. William F. Knowland (R-Calif) announced he will back a move to reduce the extension to three years.

Johnson said he will ask the Finance Committee to start hearings on the earliest possible day and meet morning and afternoon to expedite action.

He added that he would recommend that the trade bill be given "the very highest priority."

The bill would continue the corporation income tax rate of 52 per cent instead of permitting it to drop to 47 per cent July 1.

It also would continue present rates on some of the most productive excises — those on liquor, beer, wine, cigarettes, passenger cars, and auto parts and accessories.

# *Topeka, Kan., Girl Is Winner In Spelling Bee*

WASHINGTON (AP) — Jolitta Schlehuber of Topeka, Kan., today won the national spelling bee by correctly spelling "syllepsis."

Jolitta defeated Terry Madeira, 13, Elizabethtown, Pa., who stumbled on the word "propylaeum."

She misspelled it "propileum."

Under the rules of the bee, Jolitta first had to spell correctly "propylaeum" and then go on and correctly spell another word, which she did. Had she failed Terry would have been given another chance.

The word which won Jolitta $1,000 in cash, a trophy cup and $100 for a weekend visit to New York City was defined as an adjective which goes before another word and agrees with that word in number.

Both Jolitta and Terry went to the final spelldown after getting a new chance at a word when judges decided there was misunderstanding in connection with pronunciation of their words.

Jolitta was in the national bee last year when she placed fourth. This is the first national bee for Terry.

The contest ended in the 29th round. It started Wednesday morning.

Terry won $500 for her second-place finish. Stanley A. Schmidt, 14, Cincinnati, won the third prize of $250.

The next five prizes were $100 each and the next 10 prizes were $50 each. The other 50 finalists, who made up the original field of 68, each won $25. All contestants were presented gold medals.

Stanley Schmidt lost out in the 26th round on the word "canaliculus." He slipped in an unneeded "o" in the last syllable.

The winner is a cute little blonde of 14. She wears glasses. Never once in the gruelling contest did she fail to smile at bee officials and the audience when she was given her word, and again when she finished spelling it.

Jolitta is an 8th grader at Harmony Rural School, McPherson, Kan. She practices spelling with her mother, who is a teacher. Her hobbies are piano, horseback riding and bicycling.

## Airman's Family of 5 Dies in Georgia Fire

ALBANY, Ga. (AP) — A garage apartment fire wiped out a U.S. airman's family of five early today.

Dead are Barbara Chapman, 27, wife of Sgt. W. E. Chapman; three small daughters and a son—Karen, 5; Sharen, 4; Billy, 2; and Susan, 11 months.

Chapman is stationed in Germany. Officials at Turner Air Force Base at once began arrangements to fly him here.

Cause of the fire was undetermined.

## Press Indoctrination

HONG KONG (AP) — Communist political leaders are being turned into professors as Red China further steps up political indoctrination in its universities and colleges.

Peiping radio today said large numbers of "leading members of the Central Committee and secretaries of provincial and municipal committees of the Chinese Communist party have accepted professorships."

It was the first report of high political leaders themselves taking teaching jobs.

# *Harris Invites Testimony on Influence Use*

WASHINGTON (AP)—Rep. Orden Harris (D-Ark) offered a standing invitation today for Sherman Adams or anyone else to tell Harris' House subcommittee about any improper influence on federal regulatory agencies.

Harris did not specifically name Adams, President Eisenhower's chief assistant, but he said the invitation includes officials of the executive branch.

Harris announced also that "we're going to start building the case" next Monday in an inquiry which so far has featured disputed allegations that Adams pulled strings to help an old friend, Boston industrialist Bernard Goldfine.

In an interview, the Arkansas Democrat said he would call in Federal Trade Commission and Securities and Exchange Commission officials. Goldfine firms have been in trouble with both agencies. Also under subpoena is a Goldfine bookkeeper who so far has balked at turning over all records Harris wants.

Adams was reported ready to deny that he swung favored FTC and SEC treatment for Goldfine.

White House Press Secretary James C. Hagerty indicated a statement by Adams probably would be made public at Hagerty's afternoon news conference.

In reply to questions, Hagerty said Adams had seen Eisenhower during the morning, but he added he did not know whether there was any discussion of the Goldfine matter.

The White House said Adams was back from a New Hampshire fishing trip.

So far the subcommittee record has included only fragmentary, hearsay allegations reported by staff investigators to the effect that Goldfine got favored treatment through his friendship with Adams.

# B47 With Four Aboard Is Lost

## Northern New York Mountains Searched

PLATTSBURGH, N.Y. (AP) — A B47 Stratojet bomber with four men aboard was missing today in this northern New York area.

Plattsburgh Air Force Base said it presumed the plane was down within a 90-mile radius of its landing field. The area includes rugged mountain territory.

An extensive air search was under way.

The six-engine plane was en route from Hunter Air Force Base, near Savannah, Ga., to Loring AFB, Maine. It was one of a training flight of three planes.

Because of weather conditions over Maine, the flight was diverted to Plattsburgh AFB.

Two ships in the flight landed safely at Plattsburgh. The missing plane had not reported any trouble. It was unarmed.

# Cleveland's Infield Weakened by Rash of Injuries

## Billy Harrell Is Sidelined In 7-4 Loss to Baltimore

BALTIMORE (AP — Remember Abbott and Costello's old comedy routine about "Who's on first, What's on second, and I don't Know is on third?"

That is the not-so-funny predicament facing Cleveland Manager Bobby Bragan after Billy Harrell suffered a pulled thigh muscle in the Tribe's 7-4 loss to the Baltimore Orioles Wednesday night. He may not be able to play until next week.

**4 Infielders Available**

Harrell, who has been playing good ball at shortstop, became the third member of the infield to be sidelined. With second baseman Bobby Avila also suffering a pulled thigh muscle, and first baseman Vic Wertz, a broken ankle, the Indians now are reduced to only four infielders. They are Mickey Vernon at first, Billy Moran at second, Chico Carrasquel at short, and Preston Ward, normally a first sacker, holding down the third base spot.

If things get any worse in the injury department, Bragan could use either J. W. Porter or Rocky Colavito at first, or outfielder Gary Geiger at third, positions they have played previously this season.

In Wednesday night's game—in which Geiger, incidentally, was used as a pitcher for two innings—Baltimore scored five runs on five hits off starter and loser Dick Tomanek and Bob Lemon in the fourth inning. That wrapped up the game for all intents and purposes.

The Indians led 1-0 going into the Baltimore fourth. Then the roof fell in on Tomanek, who had permitted only a single hit up until that point. A walk was followed by five singles.

**Geiger Makes Debut**

With the score 5-1, Geiger came in to hurl in the seventh frame, making his major league debut as a pitcher, although he started at that position in the minor leagues. He gave up two runs, both in that inning.

Colavito opened the Cleveland ninth with a triple off Ken Lehman, who relieved Milt Pappas, the 19-year-old right-hander who gained credit for the victory.

Carrasquel singled, Moran doubled and Vernon and Roger Maris followed with singles to account for Cleveland's final three runs.

The Indians will attempt to even the four-game night series with Baltimore tonight by sending Jim (Mudcat) Grant (4-3) against Arnold Portocarreo (4-3).

## Cellar Accepts Cage Position At Olentangy

DELAWARE—Bernard (Brownie) Cellar, head basketball coach at Olentangy High School in 1954, will return to that post next year.

Cellar has resigned as freshman cage coach at Ohio Wesleyan University to accept the position, Supt. Don E. Hiett announced. Mr. Hiett also announced the hiring of Donald Fuchs to fill the head football job at the Olentangy school.

Cellar was basketball coach at Olentangy during the school's first year of scholastic athletic activity. He resigned after the first year to take over the cage reins at Columbus North High School where his Polar Bears were statewide cage powers. He quit that job last year to take the OWU assignment.

He will succeed Bill Corven who has been head coach for the last three seasons. Cellar also will teach mathematics and have charge of a new guidance counseling program at the school.

Fuchs replaces Bob McFarland who is returning to school to work toward a medical degree. McFarland will enroll at Western Reserve University. He has produced winning singlewing grid powers at the Delaware County school for five seasons.

Fuchs is a Massillon High School product and played there for two seasons under Paul Brown. He entered Baldwin-Wallace College after a three-year hitch in the U. S. Army. He has served for two years at Caldwell in Noble County and prior to that coached at Columbus Grove and Alger and Hardin-Northern in Hardin County. He will teach social science and driver education and will serve as freshman basketball coach. He also is a devotee of the single wing attack.

## Softball Contests Friday Postponed

Since the Ohio Big Eight Fastball League's all-star game will be played starting at 8 p.m. Friday on the Lincoln Park diamond, no softball games are scheduled at Garfield Park.

Harold Smith, secretary-treasurer of the Marion Softball Commission, said today that in all likelihood, several all - star softball games will be played in the near future, with proceeds earmarked for the Little League baseball coffers here.

Smith said Lincoln Park is the best bet as the site of the games and asks that Little League officials cintact him if interested.

Gate receipts from Friday's Big Eight all-star game are ticketed for the local Baseball for Boys program.

Richard W. Gano of Salt Lake City is the 45th president of the American Bowling Congress.

## *Cards Clip Reds, Move Up to Third*

ST. LOUIS (AP)—It was just the way the ball bounced—fast and hard off Ken Boyer's bat all the way into the left field bleachers—that put the Cincinnati Redlegs back in fourth place today after 12 innings of play Wednesday night that ended in a 3-2 St. Louis victory.

Boyer's first-pitch homer ended not only a classy relief hurling duel between Redleg Hal Jeffcoat and Morrie Martin, but top-notch defensive fielding on the part of both teams. The Cardinals collected 13 hits—until Boyer's round-tripper—but exactly that number of men were stranded on the bases.

The Redlegs got down to business in the second when George Crowe doubled to left. He was singled home by Frank Robinson.

St. Louis evened matters in the back half of the same frame. Del Ennis doubled and scored on Hal Smith's single to center. In the fifth, the Cards went one-up as Curtis Flood singled and was forced by Smith. Smith was sacrificed along by Jones and scored on Don Blasingame's single to center.

Robinson kept Redleg hopes alive with his fourth homer of the season in the seventh, to tie the score at 2-all, until Boyer unloaded his bleacher-pole with one out in the 12th.

The victory gave St. Louis possession of third place.

The teams wind up their current series tonight, with Brooks Lawrence (3-3) pitted against Larry Jackson (4-2) or Vinegar Bend Mizell (3-5).

## Jets Divide 2 Against Wings

By The Associated Press

Whew! It was close but the Montreal Royals refused to yield that prized top spot in the International League Wednesday night.

The Royals took the nightcap of a twi-night affair 1-0 as Bob Giallombardo not only shutout Havana on three hits but tripled and scored the only run on an error in the ninth inning.

Earlier, Havana blew over the Royals 4-0 while the Toronto Maple Leafs edged Miami 3-2 in the first game of their twi-nighter but were drubbed 9-0 in the nightcap. The Leafs still trail Montreal by one-half game.

Rochester shut out Columbus 4-0 in the first game of a twi-night bill, then lost 6-2 in the second, while Richmond bowled over last place Buffalo 7-4 in 13 innings in the night's only single game.

Gary Blaylock's two-hitter got the job done for Rochester in the first game, while Cholly Naranjo fired a six-hitter for Columbus in the nightcap.

Naranjo was aided by homers by Jim Pendleton and Gair Allie off loser Dick Ricketts, while Tony Bartirome broke Blaylock's no-hit bid with a double in the fifth. Hugh Pepper, rapped for a homer by Tom Burgess, was the loser.

TITLE ISN'T THERE. Sammy Snead (left), four times U.S. Open Golf tournament runner-up, made like a pickpocket as he and Tommy Bolt got ready to tee off on their last practice rounds Wednesday before the start of the big links tourney. Snead, who found Bolt's pocket empty, concluded that he'd still have to beat a classy field to win the title. Play started today at the Southern Hills Country Club in Tulsa, Okla., and Snead is making his 18th bid for the crown. (UPI Telephoto)

## Joe Giardello Nails Verdict Over Szuzina

WASHINGTON (AP)—Giardello and Washington society have met, but odds are steep that they'll never really be chummy.

Joey, the Philadelphia middleweight, made his bow before the capital's' elite on the Shoreham Hotel terrace Wednesday night. Franz Szuzina, the German weightlifter who now fights for a living, appeared with Joey.

After 10 rounds of fist throwing Giardello had won his 77th victory and his third decision over Szuzina.

The black tie and evening gown audience booed the verdict as judges Harry Volkman (99-92) and Charley Buck (97-94) voted for Giardello and referee Charley Reynolds viewed it as a standoff (92-92). The Associated Press agreed with the judges (99-93).

For many of the 350 socialites, diplomats, Congress members and government officials, the nationally televised charity match between the two 160-pounders was their first exposure to the gentlemanly art of self-defense.

## Ridgedale Beaten 2-0 in Waldo Game

Dave Augenstein and Dick Klingel teamed up to hurl Waldo to a 2-0 victory over Ridgedale in Marion County League baseball action Wednesday at Waldo.

The Waldo hurlers gave up seven base hits and struck out seven in choking off the Ridgedale offensive threat. Fred Moore was on the mound for the losers. He struck out four and also was nicked for seven safeties. A triple play pulled Waldo out of trouble in the fourth inning.

The Waldo nine pushed over single runs in the first and fifth inning. John Rengert, Chuck Temple, Roger Buckingham and Jim Ward banged out singles to account for the first inning tally while the run in the fifth was scored on a single by Augenstein, a walk to Harry Klingel and a single by Ken Edwards.

Waldo's next action will be Sunday at 2 p.m. at Edison.

**Boros Top Threat**

## *162 Golfers Begin Play in U.S. Open*

TULSA, Okla. (AP)—The Boros bandwagon began rolling today as play started in the 58th National Open golf championship at sun-scorched Southern Hills but the one guy who wouldn't get on it was Julius Boros.

Boros hasn't done anything sensational during the practice rounds over the rolling 6,907-yard layout. But suddenly a lot of people looked at the records and decided that the big fellow who won the title at Dallas in 1952 under the same sort of weather conditions is a contender to be feared as much as Ben Hogan.

**Boros Amused**

Boros chuckles at the suggestion that he doesn't mind the heat. "I can sweat as much as anybody," he said, "but I usually play as well on long courses as short ones."

That's the big difference. Southern Hills is a course that requires long shots and accurate ones. A player who strays off the fairways is due for trouble even though the bermuda grass rough was cut down to a four-inch depth for the tournament.

Golfers who have played with the 218-pound slugger from Southern Pines, N. C., during the past few days say Boros has been shooting some of the finest golf of his career and has the kind of game that is just suited to the Southern Hills course.

**162 To Begin Action**

About a half dozen players in the 162-man field scheduled to start play today were rated even with Boros.

There's Ben Hogan, who is shooting for an unprecedented fifth National Open; long hitting Cary Middlecoff, who has taken the title twice and lost a playoff last year to Dick Mayer; and a flock of former winners with Mayer at the head of the list.

## Giants Beaten, Braves Move Into Top Spot

By The Associated Press

Those Dodgers at last look like Dodgers. A batter gets tossed out of the game for jawin' at the plate, a runner scores from second on a two-run sacrifice fly and Don Drysdale, their young ace, finally has a complete game victory to go with eight defeats.

Except for being in last place, things are almost normal.

Drysdale, the 21-year-old right-hander, went all the way for a 7-4 victory over the Phils Wednesday night, giving up nine hits, but striking out six and allowing only two earned runs.

**Braves Regain Lead**

Milwaukee, meanwhile, regained the National League lead as the Braves ended their longest losing streak since 1956 at 5 games with a 10-7 victory over the Chicago Cubs. San Francisco slipped to second, .005 percentage points behind, as the Pittsburgh Pirates breezed in on Frank Thomas' seven runs batted in for a 14-6 victory and the Giants' fourth loss in a row.

The St. Louis Cardinals took third, three games behind, with a 3-2, 12-inning victory over Cincinnati.

A four-run third inning did the job for Drysdale, now 3-8, and the Dodgers, once more just a half-game behind the seventh place Phillies. The two-run sacrifice fly was a 420-foot smack by Carl Furillo with the bases loaded. Richie Ashburn took it over his shoulder in center field, but by the time he got back within sight of the plate, Peewee Reese was across it after a dash from second base.

**Thomas Celebrates**

Charlie Nea was tossed out for arguing a 2-1 pitch. He was the first Dodger to be ejected in Los

## *Erie's Softball Team Blanked In One-Hitter*

In Industrial League No. 2 softball play Wednesday night, Fairfield slipped past Goodrich, 4-3; Eaton walloped Erie in a 10-0 shutout; and General Telephone prevailed over Local 750 in a base running exhibition, 13-10.

Fairfield scored two runs in the first, added one in the third and another in the sixth to turn back Goodrich. The latter tallied once in the second and twice in the seventh. Fairfield, with Kadelka and Patrick the battery, got four runs on four hits. Goodrich scored three times on nine hits, with Bowdre and Stout the battery.

**13 Runners Stranded**

Goodrich literally threw the game to Fairfield, allowing 13 base runners to die on the sacks.

The Engineers got their hit total on a single by Smith, triple by Elwood, single by Kadelka and a double by Seiter. Patrick scored the final run for Fairfield in the sixth, getting on when hit by the Goodrich pitchen, then scoring on Kadelka's safety.

Eaton registered 10 runs on 12 hits and made no errors in scoring a shutout over Erie. Gorham pitched with Ferriman behind the plate. The victors scored five runs in the third, four in the fourth and a single one in the fifth.

Erie, with Cottrill and Huntsman the battery, was held to one hit. The Railroaders were charged with a trio of errors. Gruber got the only Erie hit, a double in the second frame.

Eaton scored their runs on 12 hits, four sacrifices, three errors and a hit batsman.

Telephone scored 13 runs on four hits in turning back the Local 750 nine, 13-10. Local got 10 for 10. Both teams were guilty of five errors.

The victors scored three runs in

# Tigers Sweep Pair, Climb to Seventh Place

By The Associated Press

Bill Norman had a pretty simple plan for arousing the Detroit Tigers in his managerial debut. "This is too good a club to be last," he told 'em. So they went out and jumped clear of the American League cellar by sweeping a doubleheader at Boston, where they hadn't won since last year.

**Boston Streak Ended**

The Tigers came alive with 13 hits in each half of the afternoon-night pair. Frank Lary ended the Red Sox' winning string at six with a five-hit shutout, 7-0. Then Billy Marin hit two home runs in one game for the first time in the majors for a 9-3 success Wednesday night.

The first place New York Yankees upped their lead to 9½ games again, using hits and breaks for a 10-2 and 2-1 sweep over second place Kansas City. Don Larsen won his ninth in a row over two seasons in the opener and once-beaten Bob Turley became the first to win 10 in the majors in the nightcap.

Washington plunked the Chicago White Sox into the cellar, 5-2; and Baltimore rapped Cleveland 7-4.

Frank Malzone had six of Boston's 13 hits for the day, including three doubles. He was 4-for-4 in the second game.

**Senators Take Fourth**

Russ Kemmerer (3-3) beat the White Sox with a six-hitter, retiring the last 14 in order as the Senators took fourth place. Three runs in the second did it against Bill Fischer (2-3), with Neil Chrisley's triple scoring a pair.

The Yankees clubbed 14 hits in the opener, including Tony Kubek's first homer and Yogi Berra's ninth, then won the second game when reliever Virgil Trucks walked four men and forced a run home in the ninth with two out. Turley had a two-hit shutout for seven in a nightcap duel with Ralph Terry, whose scoreless string ended at 19 innings when the Yankees scored in the seventh.

## Yesterday's STARS

Pitching — Frank Lary, Tigers, snapped the Red Sox' winning streak at six with a five-hit shutout in a 7-0 and 9-1 afternoon-night doubleheader sweep by Detroit.

Hitting—Frank Thomas, Pirates, celebrated his 29th birthday with seven runs batted in and two home runs, one a grand-slam, while gaining the National League homer (19) and RBI (57) leads in 14-6 victory over the Giants.

# Hilliards Harness Program Opened

COLUMBUS, Ohio (AP)—Chief Good Friday and Scottish Rhythm split one half of the Pocahontas Pace and Dandy Byrd won the other half of the feature at the Hilliard's Raceway harness racing opener Wednesday night.

The opening, originally scheduled for Tuesday, was set back a night because of rain.

Chief Good Friday, a 5-1 shot, won the first heat of the first division of the Pocahontas by about four lengths, then was edged by Scottish Rhythm in the second heat.

In the second division, Dandy Byrd edged Decor in both heats.

## Women Golfers Idled

The Tuesday women's golf schedule at Mar-O-Del, rained out this week, will be stroked next Tuesday. Kitty Campbell, president of the women's league, has called a meeting for 1:30 p.m., following the morning'h links activities. Members are asked to bring lunches and to attend this session. In the event that rain again prevails, the meeting will be held at 9:30 a.m. in the clubhouse.

the first, added two in the second, one in the third and seven in the fifth to register the decision. Winters and McJunkin pitched, with Taylor behind the plate. Local 750 scored a pair in both the first and second frames, added four in the fourth and two in the fifth. Floyd Darnell and Ralph furnished the battery.

**Score 6 in First Inning**

Telephone scored six runs in the first three frames on a pair of doubles by Taylor, a triple and hingle by Cartmill, four walks, a fielder's choice and an error. The big seven-run fifth was made possible by two free passes, a trio of errors, a fielder's choice and a double by Cartmill. Cartmill wound up the game with a single, double and triple to his credit. Taylor hit a double and a triple.

Local 750's big time came in the fourth, when a hit batter, two walks, a brace of errors, a fielder's choice, a double by Paulus and a triple by Sloat chased four runs across the plate.

# Auto Accidents

Two early-morning accidents were investigated in the county today by state patrolmen of the Marion post.

Charles A. Mader Jr., 32, of 754 Lilac Lane was charged with unsafe operation after his auto went out of control on County Rd. 94 just north of Marion at the C. & O. Railroad crossing and struck a cement culvert at 3:30 a.m., patrolmen said.

According to the report the northbound car went out of control when it started across the tracks. Swerving to the right it followed the rails a few feet to strike a cement mileage post and a telephone pole before coming to rest against the cement culvert, patrolmen said.

The intersection of County Road 104 and Rt. 203 was the scene of the second mishap. It occurred at 2 a.m. about five miles south of Marion when an eastbound car failed to stop at the county road deadend and plowed into a fence.

Officers said the auto was driven by Harold D. Sherrer, 58, of 418 Windsor St. It was considerably damaged when it struck the fence owned by Ralph Bailey of near Marion, patrolmen said.

Sherrer was charged with failure to obey a stop sign and will appear in Municipal Court at a later date.

# Local Red Cross Disaster Program Chairmen Named

Subcommittee chairmen to serve in the Marion County Red Cross disaster program were announced at a meeting of the board at the chapter house Wednesday.

Ivan Barnhart, Edwin Robish and Jasper Burt were named by Lewis Ashworth, head of the program here, and they will make their appointments to their committees when procedure is further outlined in the near future.

Roy F. Kirk, civilian employe at the Marion Engineer Depot, was elected to membership on the board. Business was conducted by Lowell Douce, chapter chairman.

Miss Lillian Plack, executive secretary, told of plans by the management of the Olympic Pool for contributing use of the pool without charge for the water safety classes to be conducted two weeks during July. Certified instructors will direct the class periods for which there will be no charge.

A letter was read from C. H. Braley, administrative director of the regional blood center in Columbus, commending the chapter on meeting its quota of blood donations June 4 at the chapter house and June 5 at the Marion Engineer Depot. The letter expressed appreciation also for the contributions made by the volunteer donors.

Miss Bessie Snider, Junior Red Cross chairman, reported on work of the group.

It was announced that the chapter office will be closed each Saturday during the remainder of June and in July and August. The next board meeting will be held the second Wednesday in September.

## Yanks' Larsen Unable To Pitch Nine Innings

NEW YORK (AP) — Don Larsen, the big "perfect game" righthander of the New York Yankee pitching staff, has the longest winning streak in the majors with nine—but he has only three complete games in the string.

He won his fifth of the season, but went only 6 2-3 innings Wednesday as the Yankees won the first game of a doubleheader with Kansas City 10 - 2. Larsen, passing .500 (45-44) for the first time in his six seasons in the majors, hasn't lot since Aug. 5, 1957, in regular season play. He was 1-1 in last fall's World Series.

# Braves

Angeles, and Johnny Podres became No. 2 seconds later for his bellowing from the bench.

Thomas celebrated his 29th birthday by taking the home run lead with a pair, one a grand-slam, and also gaining the RBI lead. His second homer, No. 10, was his second bases-loaded shot in the majors, both off the Giants (the first was April 23, 1953), and gave the Pirates a 10-2 lead in the second inning. Vern Law won his sixth with relief help while Ruben Gomez (5-5) lost it.

The Braves blew a 5-0 lead, but nailed it with three in the seventh off losing reliever Don Elston (6-4). Unbeaten Ernie Johnson won his third in relief. Joe Adcock hit his sixth grandslam homer in the Braves' first. Andy Pafko drove in three runs for Milwaukee, singling home the tie breaker in the seventh.

## Deer Hunting Fee Increases in Ohio

COLUMBUS, Ohio (AP) — License fees paid by Ohio deer hunters have more than doubled since the licensing began in 1950.

State Treasurer Roger W. Tracy reported today that 46,405 hunters paid $232,025 for licenses last year. Only 22,728 hunters bought the $5 licenses in 1950 for the privilege of taking to the hills of eastern and southern Ohio.

The license fees are used to promote the state's deer management program.

# Legion Beats Galion's Nine In 8-3 Romp

Marion's American Legion Junior Baseball nine recorded its second straight win Wednesday night, sinking the Galion team 8-3 at Galion.

Coach Marion Waits' charges pushed over three runs in the first inning and added two in the second to clinch the victory early.

Gerld Bosh opened the first inning spurt with a double and went to third on a wild pitch. He later raced home on a throwing error. Pete Porietils then lashed out a double and Dave Kelly singled. A wild pitch enabled Porietis to score and Kelly to take second. He was scored on a double by Rocky Evans.

Ken Coffae opened the second inning by reaching first on an error. He stole second but was picked off the base. Tom Prichard rapped out a single and rode home on a double by Porietis. Pete moved to third on a wild pitch and came home when Kelly who had walked drew a throw from the Galion catcher on a theft of second base.

Marion added single runs in the sixth, seventh and eighth innings. Galion scored one in the fourth, fifth and seventh.

Prichard started on the mound for Marion and pitched four innings. He struck out seven and walked six before giving way to Don Conkle in the fifth. Conkle struck out four and walked two. The official scorer credited Prichard with the victory.

The Marion nine will play New ark Sunday in its first road game. Two games will be played with the opener getting under way at 3 p.m.

# *MPS, Schiff and Baker Wood Win in Little League Contests*

In three Little League baseball games played Wednesday night, MPS downed Wilhelm, 10-2, and Schiff edged Fahey Bank, 7-5, in a pair of National loop contests, while Baker Wood shaded Baldauf, 4-2, in a Federal League encounter.

MPS scored 10 runs on 13 hits in turning back Wilhelm. With Reish on the rubber to set down 13 Wilhelm stickmen swinging, Shovel batters scored all their runs in pairs to help Reish to the victory. They tallied a pair in every inning but the fourth.

Wilhelm, with Myers hurling, got a brace of runs in the second frame. They registered three hits in all.

MPS 's Bushatz and Milligan were credited with doubles, Bushatz in the fifth and Milligan in the sixth. Wilhelm's Myers was the losing pitcher, although he was relieved by Lewis.

Schiff came from a 3-0 deficit to turn back Fahey 7-5. Roseberry was the winning pitcher. Traugh was nicked for the defeat.

The victors watched Fahey score three runs in the second inning before they came alive in the third for four tallies. Fahey evened the count at 4-4 in the fourth, but Schiff chased three more runs across the plate in the fifth. Fahey got a lone run in the sixth before Roseberry slammed the victory door.

All in all, Schiff had seven runs on six hits. Fahey scored five times on eight safeties.

Roseberry accounted for eight strikeouts en route to the win, while Traugh set a quartet down swinging. Traugh contributed to his own cause with a double in the second. Hopkins belted a two-bagger in the fifth for Schiff.

Baker Wood scored two runs in both the second and third innings and then settled down to hold Baldauf to single runs in both the fifth and sixth to register a 4-2 decision.

The Woodmen got four runs on four hits, as Howison, getting six strikeouts, handled the mound chores and got the decision. Baldauf tallied its pair on eight safeties. Jonsson fanned a pair but was tagged with the loss.

Firestone and Newlove both clouted doubles for Baldauf. Baker Wood's Dodds poled a home run. Dodds, together with Baldauf's Queen, were game champs at the plate, both getting three blows in four trips.

# Stan Retains Lead Over Willie Mays

ST. LOUIS (AP)—Three hits in 19 at-bats is far from being a hot streak, but they've been enough to keep Stan Musial of the St. Louis Cardinals in the National League batting lead.

Stan, robbed of two hits by rain Tuesday, was 0-for-5 in the Cards' 3-2, 12-inning victory over Cincinnati Wednesday night and slipped to .406 for the season. But Willie Mays, batting only 1-for-19 in his last five games, was 0-for-3 as his San Francisco Giants lost to Pittsburgh 14-6 and now rests at .400.

Mihaly Igloi, a Hungarian refugee, is coaching track at Santa Clara.

## Galion

Colored slides of his trip to Africa were shown by A. L. "Mollie" West of Crestline to members of the Galion Kiwanis Club Tuesday noon at Hotel Talbott. Mr. West and his wife returned in April.

Mr. West, a member of the Crestline Kiwanis Club, was presented by C. L. Morkel, program chairman for the Galion Club. Thomas Noble presided for the meeting, Paul Nollen led group singing, and Kenneth Sterrett was at the piano. Guests were Timothy Stadfeld, Ted Dickerson, and Shelby Burden of Galion, and Dr. John Beall of Jamestown, N.D.

—:—

Speaker for the dinner-meeting of the Rotary Club Monday night was a former Galionite, Lt. Col. Raymond V. Fridrich of the General Staff of the Marine Corps Commandant in Washington, D.C. He is visiting his mother, Mrs. George Fridrich of Bucyrus Rd. He recently was called to Galion by the death of his father. The visiting colonel spoke to the Galion Club on the history of the Marine Corps, its organization, and commented on new war weapons.

The speaker was presented by Homer I. Swaney, program chairman for the meeting. J. Harold Blosser, president of the club, presented Dr. B. P. Mansfield with a Rotary cuff link-tie clasp set in honor of his 25th anniversary of membership. Guests present were Henry A. Mickley and Irvin W. Emmons of the Marion Rotary Club; Robert K. Porter of the Mansfield Club; and Charles Christman of Fort Myers, Fla.

Somerville, pastor of the church, officiated. The bride is the daughter of Mrs. Elmer Beatty of the County Line Rd., south of Galion. Mr. Rausch is the son of Mr. and Mrs. Paul Rausch of Galion.

Miss Claudette Heinberger, the bride's cousin, was the bride's only attendant. Joseph Williams was the best man, and usher duties were shared by Hugh Downing and Richard Eusey. A reception was held in the Eagles' hall, following the ceremony. Hostesses were Miss Paula Rausch, Mrs. Paul Wilson and Miss Connie Hoover and Miss Barbara Clayton was in charge of the guest book.

The bride is employed at the Galion office of the Northern Ohio Telephone Co. She was graduated from Whetstone High School. Mr. Rausch is a newspaper pressman employed in Galion. He was graduated from Galion High School.

—:—

An August wedding is being planned by Miss Sandra Jane Robinson and Richard L. Ekin, son of Mr. and Mrs. H. L. Ekin of N. Market Street Rd. The engagement was announced by her parents, Mr. and Mrs. Paul K. Robinson of S. Market St.

Miss Robinson who was graduated June 8 from Bowling Green State University with a B.S. degree in education, resigned the position she had accepted for next year in the Galion public schools to take a position in the Champaign, Ill., schools while Mr. Ekin completes his course in Industrial Administration. He is a junior at the University of Illinois, and is affiliated with Phi Delta Theta fraternity. Miss Robinson is a member of Delta Gamma sorority.

**The Recipe**

Sift together ¾ cup *sifted all-purpose flour* and ¾ teaspoon *Clabber Girl Baking Powder;* combine with ½ cup *whole bran cereal,* 1 cup *chopped nut meats,* and ½ cup *finely chopped dates.* Beat 2 *eggs* until light and foamy; add 1 cup firmly packed *brown sugar* and 1 teaspoon *vanilla extract;* beat thoroughly. Add dry ingredients and stir until well blended. Spread mixture evenly in a greased *11 x 7 x 1½-inch baking pan.* Bake in a 350° F. (moderate) oven about 35 minutes. Cut in 2 x 1-inch bars while warm; cool. Roll each bar in *confectioners sugar. Yield: 36 date bars*

**The "most important" thing about baking...**

It's the **balance** of ingredients in baking powder that governs its leavening action. Only when these are scientifically **balanced** can you be sure of uniform action in the mixing bowl plus that final, **balanced** rise to light and fluffy texture in the oven.

## Phone Co. Names 'Father of Year'

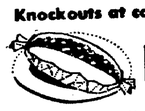
A General Telephone Co. employe from Tippecanoe, O., today was named the firm's "Father of the Year" by Clare E. Williams, president. This marks the first time the company has bestowed such an honor on an employe.

The award recipient, Simon S. Pool, an installer-repairman, is the father of 10 children and the grandfather of six. He has been affiliated with the company six years at the New Philadelphia-Dover branch. He has been presented a plaque by the firm.

## Dies in Cincinnati

CINCINNATI (AP)—William A. Litchfield who at 14 may have been the youngest Doughboy in World War I, died Wednesday at 56. Big for his age, he fibbed to the Army recruiting sergeant, and it wasn't until after he spent his 15th birthday in Germany that the War Department discovered his true age. Litchfield stayed in the Army four years, then put in four years in the Navy.

**Knockouts at cook-outs:**



**BOLOGNA-CHEESE BUNS**

1½ cups (½ lb.) diced bologna
¾ cup diced sharp American cheese
⅓ cup pickle relish
3 tablespoons mayonnaise
1½ teaspoons Sterling Salt
½ teaspoon dry mustard
6 to 8 buttered frankfurter buns

Combine first six ingredients and fill frankfurter buns with mixture. Wrap each bun in aluminum foil. Heat over a grill. Or bake in slow oven (325° F.) about 30 minutes, or until piping-hot.

Any dish has extra zest, extra flavor richness when cooked and seasoned with Sterling Salt!

# New York Stock Market

NEW YORK (AP)—A flurry by oils helped improve the tone of a mixed stock market early this afternoon. Trading was fairly active.

Gains and losses of key stocks went from fractions to about a point.

Rails backed away slightly from their solid gains of Wednesday as Wall Streeters commented that aid to the industry voted by the Senate fell short of what the carriers say they need.

Coppers also backed away from their recent advance on the administration's stockpile proposal and the higher prices for the red metal.

Both the domestic and international oils moved forward. Opinion was that the inventory situation was being adjusted. Midwest refiners have upped gasoline prices.

Steels, aircrafts, some chemicals and tobaccos did better than they did early in the session. The market opened higher but soon turned sluggish and irregular. Turnover increased as prices firmed.

Gulf Oil and Texas Co. rose a point or better.

Kennecott and Anaconda dropped fractions.

Lorillard dropped more than a point in apparent profit taking. U.S. Tobacco advanced a point or so.

Boeing was up about a point.

U.S. government bonds advanced narrowly.

## Elected Trustee

HIRAM, Ohio (AP)—Hiram College Wednesday elected James A. Nelson, president of Trade Magazines, Cleveland, to its board of trustees.

# Youth Receives Sentence to Boys Industrial School

A 14-year-old Marion boy was sentenced to Boys Industrial School at Lancaster Wednesday on a charge of destroying property at the Marion County Children's Home while he was held in detention there.

He is Arthur Davis of 572 Hermann St. who was committed to the Children's Home last February for habitual truancy.

Juvenile Judge Edward J. Ruzzo also handed the boy's mother, Mrs. Howard A. Davis, a suspended six-month sentence to the Columbus Workhouse on a charge of contributing to the neglect of her four minor children. The sentnce was suspended on condition of future good behavior.

Mrs. Davis was arrested on an intoxication charge last week by city police. The neglect charge was filed against her while she was being held in the county jail.

Arabs Hold 'Fortress'

# Algiers Casbah Center Of Moslems' Resistance

By RELMAN MORIN

ALGIERS (AP) — In a hole-in-the-wall shop, an Arab merchant starts to answer a question.

"De Gaulle? Well, in my opinion—"

He breaks off abruptly. Two red-hatted French Zouaves, carrying tommyguns, come down the narrow alleyway, heavy boots clattering on the ancient cobblestones.

"As I was saying," says the merchant smoothly changing the subject, "Business is slow. So many people buying on credit."

Even after the Zouaves have passed, he says no more.

—:—

**DOORS SLAM** shut suddenly as you approach. A Moslem woman pulls her veil up to the level of her dark eyes.

This is the Casbah.

The Algiers Casbah, locale for romantic movies and scene of countless love stories, is a place of fear and festering hatred now.

It smells of death.

Last year French paratroops went through it—in effect with fire and sword — hunting down members of the Moslem revolutionary force that has been fighting for nearly four years to shatter French rule in Algeria.

The paratroops blew up great chunks of the thick-walled jumble of buildings, killed some people, wounded others, carried still others off to prison.

—:—

**SO THE CASBAH** is quiet now—except that murders still take place there.

Casbah means fort in Arabic. You can see why the one on the hill in Algiers was an ideal fort for the Moslem rebels.

It is a fantastic maze of twisting alleys and passageways barely wide enough for two persons to pass. They coil into each other like serpents through tunnels and secret doors that pierce the walls of this vast pile of masonry, interconnecting houses and dwelling places. You could travel miles in the Casbah and never be seen.

In 500 years little or nothing changed there—until recently.

—:—

**THEN, WHEN** the savage Moslem rebellion flared against France, and ghastly reprisals came in return, the fort became just that.

Today nobody in the Casbah will talk about the possibility of a reconciliation between the Moslems and the French. French efforts in that direction, and the words of Gen. Charles de Gaulle, new French premier, appear to have had no impression whatsoever on the people here.

"Things are quiet again," they say. "Life goes on."

And that is all they will tell you.

# Jet Crash Kills 2 in Oklahoma

## Flaming Plane Hits Farmhouse, Explodes

PONCA CITY, Okla. (AP) — A flaming Air Force jet training plane hurtled out of a rainstorm into an isolated farm home near here Wednesday night, killing an Air Force instructor and his pupil, and a woman resident of the house.

The dead were identified as Mrs. Cora Harman, 68; and Lieut. Robert E. Irons, and Lieut. Chris Paulos, both stationed at Vance Air Force Base at Enid, Okla. Irons was an instructor and Paulos a student.

Authorities at the scene, five miles northeast of Ponca City, said Mrs. Harman's body was thrown from the house by the explosion following the crash.

Mrs. Harman's husband, Dick, was in the farm yard driving his pickup truck into the garage when the T33 slammed into a corner of the four-room frame house about 10 p.m.

Two unopened parachutes were found in a field. Wreckage was strewn over a six-acre area.

## Betts, McGregor Vote Against Bill On Foreign Trade

WASHINGTON (AP)—Twelve of Ohio's 23 representatives Wednesday voted for a bill extending the reciprocal trade program an additional five years. The bill passed 317-98 and was sent to the Senate.

The only Ohio representative not present for the vote was hospitalized Rep. Thomas A. Jenkins, who was paired against the bill (listed opposite another congressman whose vote, if cast, would have counteracted Jenkins').

Here's how the other 22 Ohio representatives voted:

Democrats for — Ashley, Feighan, Kirwan, Polk, Vanik.

Republicans for—Ayres, Baumhart, Bolton, Dennison, Minshall, Schenck, Vorys.

Democrats against—Hays.

Republicans against — Betts, Bow, Brown, Clevenger, Henderson, Hess, McCulloch, McGregor, Scherer.

## Voted Best-Dressed

HOLLYWOOD (AP) — Rosalind Russell and Dean Martin are the best-dressed woman and man stars of the entertainment world.

So said the California fashion creators Wednesday night at a banquet climaxing a four-day fall showing.

Miss Russell wore an Orry-Kelly gown of pale apricot. Martin wore a cocktail suit of mohair with lapels of satin piping.

# Army Brands Redstone Test As Successful

CAPE CANAVERAL, Fla. (AP) —The Army was a step closer to activating the nations first ballistic missile today after the latest apparently successful launching of a Redstone rocket.

The 63-foot Redstone, the most highly developed ballistic weapon in the U.S. arsenal, roared into space Wednesday night.

The Army says the Redstone has undergone more successful tests than any other large missile. This is the rocket that the Army hopes will be deployed in the field in the very near future—possibly late next month.

Designed as a highly mobile field artillery weapon, the Redstone has a range of about 250 miles. It can be moved quickly over great distances and fired in the field in a relatively short time.

Specially trained troops from the Army's 40th Field Artillery Missile group fired the missile for the first time May 17. The Army announced then that the accomplishment marked the beginning of the missiles operational phase.

A modified version of the Redstone played a key role in launching two Explorer satellites into orbit as the first stage vehicle for the Jupiter-C rocket.

## Miss Cleland To Enter School of Aeronautics

Miss Ann Cleland, daughter of Mr. and Mrs. Floyd Cleland of near Green Camp, left today to enter a national school of aeronautics at Kansas City, Mo., for training as an airline hostess.

She was accompanied to Kansas City by her mother who expects to stay for a week.

Miss Cleland's six weeks of post graduate training at the Kansas City school follows her completion of a home correspondence course. After this training period, she will be assigned to an airlines.

A graduate of Green Camp High School with the class of 1957, she had been employed as a long distance telephone operator by the General Telephone Co. in Marion.

## Pedestrian Safety Day Will Be Held in Galion

GALION — The Galion Safety Commission has designated Saturday as Pedestrian Safety Day here.

Pedestrians in the downtown area will be given rules for safe walking furnished by the Galion Automobile Association. Pamphlets containing the rules will be distributed by Boy Scouts under the supervision of James Klehm and Oliver Godfrey, and Capt. Norwood Smith of the Galion Police Department.

## Form Export Group

WASHINGTON (AP)—The Delphos Grain and Soya Products Co. of Delphos, Ohio, is one of 17 processors of soybean oil which have joined to form the Vegetable Oil Export Corp. They have given notice of their intention to engage in export trade, the Federal Trade Commission said Wednesday.

## Strike Talks Set

CLEVELAND (AP) — Negotiations in the six-week-old work stoppage in the building trades will resume Saturday instead of next Monday as previously scheduled. Both sides agreed with a request from Mayor Anthony J. Celebrezze to renew their bargaining which was recessed Monday.

Two-Year Pacts Seen

# Auto Industry's Big 3, Reuther Close to Accord

By VICTOR RIESEL

There are four for the see-saw in Detroit. Three are already aboard—Reuther, General Motors and Ford. They're waiting for Chrysler to get them off the ground. Once Chrysler gets aboard, the crisis will be over.

VICTOR RIESEL

White House outposts relayed word last week from the Midwest that this may happen anytime between June 15 and July 1.

Then there will be a two-year peace pact, a four dollar a week package increase, more unemployment insurance, bigger pensions and the guarantee that the Auto Workers will retain all their rights and benefits if they shift from an abandoned plant in one part of the country to a brand new one thousands of miles away.

This would put more than 100 million dollars a year more into circulation the first year and twice that in the second year. It would set the pattern for millions of other workers—for as auto goes, so goes the nation.

As the White House people hear it, the Auto Workers will get an eight or nine cents an hour increase the first year and an equal amount atop this the second.

The auto companies are reported willing to increase their payments into the private pools of each out of which special unemployment benefits come. Under the new pact these payments to laid-off workers would be extended from 26 weeks duration to about 40 weeks.

-:-

PENSIONS WILL be increased. At present, the auto workers, when they retire, get monthly payments from the companies amounting to $2.25 for every year they've worked. For example, if they retire after 20 years, they get 20 times $2.25 or $45 a month old age pension in addition to social security. The expected increase will make it $2.50 a month so that a retired worker will get a $50 a month pension after 20 years.

There seems to be agreement on another point. The United Auto Workers Union has been alarmed by the abandonment of old plants in the big cities, especially in and around Detroit.

The union wants to protect its members who are thrown out of work by such shifts. Under the new pact, it is expected that the companies will agree to guarantee that a worker in an old plant can move to the new one with full seniority rights.

The workers of the abandoned plant would get these rights, which guarantee them as much in the new plant as they had in the old, before any new hands are hired.

All this will cost the companies from two to three cents an hour more, making the whole package worth from $4 to $4.40 per man more for an average week.

The White House observers have been told that the Big Three auto companies are ready to sign such a pact right now—if the Chrysler Corp. and the union can agree on work standards. This refers to the speed with which a number of men are required to turn out a quota of products, whether they are car bodies, headlights, dashboard gadgets or seats.

-:-

CHRYSLER HAS told the other companies that unless it gets steadier production speeds, it will be hurt. This point was made at a meeting of the top executives of the Big Three auto companies sometime in April.

It was pointed out that during the conflict with the union over production standards the company shut some of its plants early every day from Jan. 27 to early March, because it felt that the men were wasting time. The union retorted that the company wanted a tough speed-up.

The Chrysler Corp. then charged that there were slowdowns and that faster production would put no strain on the men. Said John D. Leary, vice president in charge of personnel: "There can be no doubt these slowdowns are part of the union's pressure campaign to force the company to accept less than competitive workers' performance."

There was a temporary truce the first week of March. Now the company wants it all down tight in writing. The other corporations are solidly behind Chrysler.

As soon as this happens, everybody will sign and hope that the economy's bottoming out will begin upping up.

## Police Officer Returns Diamond Lost in Snow

PESHTIGO, Wis. (AP) — Finding a diamond in deep snow may seem next to impossible, but Stewart Jarvis, a Peshtigo policeman, was equal to the task.

Miss Evelyn Brown reported that a ¾ carat stone had fallen out of her ring into the snow as she stepped out of a car.

Jarvis shoveled the snow into a tub and melted it. He found the diamond in the second tubful.

CHURCH GETS NEW HOME

NEW YORK (AP) — The famous, 75-year-old DeWitt church, which has ministered both to Jews and Christians on Manhattan's lower east side, gets a new home next week — built under the auspices of the New York City mission society in a public housing project, the first church in the city with such a location. Its Sunday services are conducted in three languages — Russian, English and Spanish — to serve its mixed community.

## Niven Prefers Movies Over Live Acting Roles

NEW YORK (AP) — David Niven is one actor who shies from performing live on stage or television.

Although he started his career on Broadway, he has no desire to desert the movie camera.

"If you ever see me do a live television show again, you'll know I'm destitute," he adds. "I loathe it—most actors look more like runaway rocking horses than performers, and the pandemonium is out of all proportion to the results."

SKYSCRAPER CHAPEL

DALLAS (AP) — Texas, which claims the biggest of nearly everything, soon will have what is billed as "probably the highest place of worship within a building in America." It's a chapel 500 feet above the ground on the 38th floor of a 42-story skyscraper in Southland Center, a development scheduled to be completed in 1959.

## O'Brian To Stay in Job or Else!

For a while, Hugh O'Brian made us forget he's a big, strapping western hero who always gets his man and his way. He was out of the gaze of TV cameras and had set down his trusty six-shooter, and—what d'ya know! — he was making talk about the same old insecurities that rattle ordinary mortals.

Marie Torre

O'Brian, the poor troubled soul, has been having an awful time trying to get his employers to endow him with a measure of job security same thing any Tom, Dick or Harry would naturally seek. Is that too much to ask in return for three loyal years of giving life and popularity to old Wyatt Earp?

"I've come to that point in my career," says O'Brian, "where the future stares me square in the eyes.

"What assurance have I got of finding another TV series after 'Earp'? What if I should fall off a horse and break my back one day? How do I earn a living then?"

-:-

**IT WAS THAT** kind of thinking that prompted O'Brian to approach the Lou Edelman Co., which owns the series, and ask for the privilege to buy ("with my own good money") between 5 and 10 per cent of the show. He was flatly rejected.

The talks progressed to the discord stage, and when O'Brian last saw his bosses he was told to report back to the "Wyatt Earp" set on June 25, or else!

"Well, there's a contract involved," explained O"Brian. "I'm committed to start filming the next batch of films on June 25, and stay with it for four years after that.

"If I have to go back before something is resolved, I'll be unhappy and I'll continue to be unhappy.

"When they turned down my request, I asked to be let out of the series so that maybe I can help myself on my own. But they refused me everything.

"They won't let me out of the contract and they won't let me buy a piece of the show. I can only take that to mean I'm worth something to them and, doggone, if I'm worth something, then I deserve something."

-:-

**OF COURSE,** O'Brian hasn't been made to forget that prior to the "Wyatt Earp" series, he was almost a nonentity. He had appeared in some 28 movies and starred in none.

Now, on the strength of TV acclaim, he's the star of an upcoming motion picture called "Quick Draw." He's also the star of the summer theater presentation of "Picnic," to run at the Westport Theater in Connecticut from June 12 to 21. "We have the biggest advance in the history of the theater," he said.

"Let's fact it," he remarked, "a lot of actors would work for next to nothing for an opportunity to hitch on to a series. I was darned happy for the chance. But if a show proves a success, and 'Earp' is, then a fellow ought to receive better conditions as the show goes along.

"Sure, the series has been good for me. But I've also been good for the series. Besides knocking my brains out on personal appearances I put 5 per cent of my salary into a fund for publicizing the show.

"I know the value of publicity. In Look Magazine, this week, there's a story on all the westerns and why do you think my picture is one the cover? It's because 'Wyatt Earp' is the most recognizable of the western characters to the public."

It was suggested to O'Brian that if he squared his jaw and maybe employed a few of Wyatt Earp's threatening tactics on The Edelman Co., he might get results. But he nixed the idea. As he says, that sort of thing only happens in TV.

**ED SULLIVAN** took a second look at the Brussel's World Fair films for his upcoming Sunday program and decided the show is good enough to be entered as a candidate for a Peabody Award.

The Edsel Co., which bowed out as co-sponsor of "Wagon Train," will go the spectacular route next season—six specials in all. The auto company's spectacular, "The Edsel Show," with Bing Crosby and Frank Sinatra, apparently proved as unforgetable to the sponsor as it was to the viewers.

"Your Hit Parade" will receive a much - needed overhauling on moving from NBC to CBS in the fall.

It's unlikely Ernie Kovacs will be seen as panelist on "What's My Line?" anymore. In a recent interview Kovacs casually mentioned that he didn't appear on the game show whenever he was out-of-town or felt like "going out for Sunday dinner."

The producers didn't take kindly to the remark. The other day, when Kovacs' agent phoned the "What's My Line?" management to make known the comedian's availability, he received a cool "not interested" rejoinder.

# Salmon-Cheese Pie Is 'Deliciously Different'

This economical salmon cheese pie makes six to eight servings. Serve it with a salad of mixed greens, tomato wedges and radishes for a deliciously different luncheon or supper meal.

**Salmon-Cheese Pie**

1 (9-inch) unbaked pastry shell
1 egg white, slightly beaten
½ (8-oz.) package natural Swiss cheese slices, grated (1 cup)
2 tablespoons flour
1 tablespoon grated onion
½ teaspoon salt
⅛ teaspoon pepper
1 cup canned salmon, flaked and packed
¾ cups milk
2 eggs, slightly beaten

Brush pastry shell with egg white; reserve remaining egg white. Combine cheese, flour, onion, salt and pepper.

Place alternate layers of salmon and cheese mixture in pastry shell.

Combine eggs, reserved egg white and milk. Pour into shell. Bake in very hot oven (450 degrees F) 15 minutes; reduce temperature to 325 degrees F.

Bake additional 30 minutes or, until a knife inserted near center, comes out clean. Serve hot.

# Wife, Mother Of 5 Finishes College Study

SCHENECTADY, N.Y. (AP) — Mrs. Sally Van Schaick will be graduated from Union College with a bachelor of arts degree despite:

1. Five children.
2. A husband.
3. Keeping up an 11-room house.
4. The fact that Union College has never awarded a bachelor's degree to a woman in its 163 years.

How did she do it?

Breaking the male barrier at Union is easily explained. She enrolled two years ago in a new evening division. Although several women have been awarded advanced degrees from the college, Mrs. Van Schaick is the first to come up through the under-graduate ranks.

The 36-year-old collegian hired babysitters for class nights, usually twice a week. She didn't have to start her college career from scratch. She got in better than two years of college work prior to her marriage.

How about studying and being a housewife at the same time?

"Not too had," she says. "I think about my studies while I'm ironing or doing the dishes and it works out in my mind. Then when I sit down to work, it comes fairly easily. But math is a problem. In 18 years, you can forget a lot of mathematics," she said.

She has managed straight A's except in mathematics.

Her husband, John, a technical writer for the General Electric Co., also attends Union at night. He is not working toward a degree, however, merely for more education.

During the winter, John and son Peter, 12, rose early in the morning to study Russian via a WRGB television program that began at 6:30 a.m.

Mrs. Van Schaick plans to continue studying. She hopes for a master's degree in three to five years. When the children are older, she may teach.

# Church Expands Pastor Exchanges

CHICAGO (AP) — The World Methodist Council is planning to expand its ministerial exchange program, which has been promoting international understanding for the last several years.

This year, seven American Methodist ministers will trade pulpits with a like number of English clergymen for a five-week period.

The Rev. Dr. T. Otto Nall of Chicago, chairman of the American Ministerial Exchange Committee, says the council is looking toward the day when exchanges will be made with other European and Caribbean countries.

## Witness Can't Answer Question From Lawyer

ANADARKO, Okla. (AP) — Attorney Chuck Goodwin, quizzing a witness in a district court trial, asked if he noticed if the defendant's tongue was "thick" at the time of the alleged offense.

The witness answered: "I didn't look in his mouth to see if his tongue was thick or thin."

Agrees Incidents Communist-Inspired

# Venezuela Still Probes Nixon Attack

CARACAS, Venezuela (AP) — The Venezuelan government still is investigating the causes of the mob attacks upon U.S. Vice President Richard M. Nixon here a month ago Friday. It has given no indication of what it has learned, and the whole affair has been pretty well expunged from local memories.

The Ministry of Interior says it does not know how many of the more than 100 persons arrested for stone throwing and other violent acts are still in jail or whether anyone has been punished.

There seems to be general agreement everywhere that the incident was Communist inspired.

Caracas newspapers published declarations by junta President Wolfgang Larrazabal after the touring vice president and his wife were attacked that an intensive investigation would be made. Since then there has been no mention of the inquiry in any newspaper.

Members of the American colony in Venezuela express belief the ardor of the investigation had been considerably dampened. They attribute this to news that the United States had alerted troops for a rescue of Nixon and his party, if needed and if requested by Venezuela.

Venezuelans who expressed shame and humiliation quickly stopped apologizing. Instead, they launched bitter attacks against the United States for daring to think of sending troops and intervening in Venezuelan affairs.

The Communists seem pleased that the responsibility for what they called "a demonstration of national revenue" had been laid at their door.

From the American viewpoint here, Communists, fast rising to places of power and influence in this country, saw in the Nixon good will visit a chance to capitalize on Venezuela's economic and other complaints against the United States.

Venezuelan - American relations cooled considerably after the United States put restrictions on the imports of oil from this country. That coolness merged into icyness in many Venezuelan quarters after learning that the United States had given refuge to ex-dictator Marcos Perez Jimenez in Miami.

Venezuela now is preparing to ask that Perez Jimenez be extradited here for trial.

The United States has indicated it would promptly consider an extradition request.

There also is a feeling the United States should give more consideration to Latin America as a whole in its distribution of foreign aid to help many countries improve their standard of living.

There is a big segment of Venezuelans who feel that while what happened to the Nixons was deplorable, it nevertheless was the means of focusing attention upon Venezuela and the rest of Latin America and served as a warning that the United States had better pay more attention to its own backyard.

Soviets Boost Standards

# Western Airlines Fear Competition by Russia

OTTAWA (NANA) — Increasing Soviet competition in international air travel is a subject of great concern to executives of the major western airlines, according to the headquarters of the International Civil Aviation Organization here.

ICAO officials say that Aeroflot, the Soviet state airline, now flies to 18 non-Communi... countries and is systematically expanding its international services. Free world airlines, harassed by rising costs and declining profit margins, do not conceal their anxiety over this phase of Moscow's "economic offensive."

—:—

**TWO YEARS AGO** Aeroflot was predominantly a domestic carrier and its service and flight standards were notoriously low. ICAO officials recall that Aeroflot then was without such "niceties" on passenger flights as safety belts, hygienic washrooms and hot meals. Soviet pilots were careless about smoking near gasoline and often disregarded overloading regulations.

Since late 1955, however, Aeroflot has improved its service and safety regulations enormously, according to ICAO officials.

Western airline executives reportedly also are concerned that the Soviets may enter the aircraft sales market. Aeroflot was the first line to fly jet passenger planes on regular schedules. ICAO experts believe that the Russians may be in a better position than U.S., British or Canadian manufacturers to offer jet and turboprop liners in substantial numbers —with fast delivery and easy terms.

The Soviets could do this, some ICAO officials say, through heavy subsidies for their aircraft export industry. Although they would suffer an economic loss, they undoubtedly would reap political and propaganda profits in countries just entering the air age.

—:—

**SPEARHEADING** Aeroflot fleets abroad is the much publicized TU-104 jet, which has a cruising speed of 500 miles an hour and a passenger capacity of 70. Other craft featured by Aeroflot are the turbo-prop TU-114 (170 passengers), the jet TU-110 (100 passengers), the turbo-prop I-18 (100 passengers) and the turbo-prop AN-10 (100 passengers).

Western aircraft engineers who visited Soviet Russia during the past year report that insofar as quantitative output is concerned the Russians may be ahead of the West, although they are still outclassed in unit efficiency and advanced research.

## Man Makes Apology For Mistaken Address

ENID, Okla. (AP) — Mrs. John Senneff was awakened early in the morning by a deliveryman from a floral shop.

Only after he got Mrs. Senneff out of bed did the man find he had the wrong address. The man apologized and returned a short time later to give Mrs. Senneff a red rose for her trouble.

## Study of Students' Beliefs Launched

BELTON, Tex. (AP) — Mary Hard in Baylor College is conducting a study of the religious beliefs of 120 students at the Southern Baptist campus.

Object of the survey, says Sarah Frances Anders, head of the Sociology Department, is to determine if the general religious beliefs and Baptist beliefs of students change during the college years.

Mideast Program Reassessed

# Lebanese Strife Brings Reappraisal of U.S. Aid

BEIRUT (NANA) — Lebanon's miniature but lengthening civil war has brought a reassessment of the American aid program, not only by the United States but by the Lebanese.

From an American standpoint the aid program is practically at a standstill. Technicians have been called into Beirut to get them out of areas in which their lives were endangered. Several had to be evacuated from distant areas where marauding bands have made it unsafe for Americans and government supporters alike.

In the hectic days leading up to outright rebellion American aid came in for bitter attack, mainly from opposition leaders but even from some quarters in government. "We can get along without American help," they said in effect. "Make America do something substantial or cut ties with her."

—:—

**AT ONE POINT**, to show how helpful the United States intended to be, the government claimed that it had a 525,000,000 Lebanese pound program —about $170,000,000—to cover the next five years and expected the United States to furnish it.

This claim was obviously dreamstuff. Lebanon has received a total of about $38,000,000 in the 1952-1958 period, about six years. This averaged $6,300,000 a year. The technical assistance program alone has been about $2,000,000 a year. Other funds came in special grants. In 1957, for example, special grants brought the total to $12,000,000.

The government soon became trapped in its own propaganda. Realistic government supporters, and a few opponents, pointed out that even the present aid program is limited largely by the Lebanese inability or unwillingness to carry it through. Many projects proposed and accepted have been held up because the Lebanese did not come through with their agreed share of the costs.

—:—

**THUS THE** government found itself open to a double and conflicting attack — on the one hand, demanding an aid program far beyond what could realistically be expected and on the other having failed to do its full share in a program it said was too small.

The most important part of the American aid program to Lebanon has been technical assistance or what is commonly known as Point 4. In the past six years Point 4. In the last six years been given Lebanon by the United States for programs into which the Lebanese have invested more than $16,000,000 in their own funds.

Development of the Litani River area started out with Point 4 help. The United States conducted a million-dollar survey and study of the project, calculated to provide 240,000,000 kilowatt hours of electrical power and irrigate 62,960 acres of land. As a result of the study Lebanon has budgeted $100,000,000 for the development of the program, which is now a 100 per cent Lebanese project. Point 4 merely got it going.

# Nation's Youth Adopting Old Hawaii Styles

By The Associated Press

A fashion that's been going strong for 100 years in Hawaii is going to the wardrobes of today's teen-agers. It's the muumuu, a comfortable loosely-built gown, free of zippers, buttons and snaps. Just pull it over your head and swimsuit, wear it lounging around the house, wear it at your next record party.

For summer you'll be right in style if you make your muumuu of some of the delightful floral prints in sun-kissed or rose arbor hues. Make it of any lightweight fabric, suitable to the conditions in which it will live. Make it of silk for summer evening parties, giving the chemise a run for its success. Make it of cotton for the beach or lounging

How to make it? It's the one easy sewing project you could embark on, say the sewing center strategists. Use a commercial pattern, if you like. Or, if you are an old hand with the needle, try your hand at it without a pattern.

Start by measuring from shoulder to bottom of hem, adding eight inches for a double hem. Multiply this measurement by three (one length for the front of the garment and two lengths for the back.) Add ¾ yards for sleeves. One-half yard of contrasting fabric will be needed for yoke and cuffs.

Tall girls might like the classic pull sleeve, with an elastic strip inside the cuff-top to permit sleeve to be worn three-quarters or above elbow length, admitting a maximum of air circulation. Short girls may prefer to omit the sleeve entirely.

Cut down the center of the front fabric length on the straight of the goods. Front side seams are tapered outward from armhole to hem. The two lengths for the back are likewise tapered. The major segments of the muumuu body resemble four pre-shaped pieces, with an off-size bite taken out at the yoke line, and with one edge of each on the straight of the material.

The gathering of the body of the muumuu at the yoke line is easily done by setting the sewing machine for a long stitch which is easily gathered up. Arrange front fulness to fall freely over bust. Back gathers are distributed across center back.

Let your imagination run riot if you like when it comes to decorative stitches on the yoke. Try a bold domino pattern or satin stitch a graceful vine and leaves. Cut a fabric motif and applique to the yoke. If you do the decorative stitching at the yoke, line your muumuu yoke with pellon.

It's an easy project whether you are neophyte with pattern or girl wonder at the machine. And don't be surprised if your friends greet you with "Aloha," in recognition of your real Hawaiian look.

## New Mikado Version Planned for Broadway

NEW YORK (AP) — Another transformation of "The Mikado" is heading for Broadway.

Titled "The Cool Mikado," it is described by its creator, Don Walker, as "a complete paraphrase" of the most famous of Gilbert and Sullivan's operettas.

The sturdy favorite, perennially revived around the White Way, previously received jazz treatments as "The Swing Mikado" and "The Hot Mikado."

## Death of Pet Rat Leads Girl, 16, to New Hobby

ROCKFORD, Ill. (AP) — Judie DeGoote isn't a bit squeamish about her hobbies — raising white rats and taxidermy.

The 16-year-old ventured into the world of natural science last fall when she obtained two albino rats — one male and one female.

When one of the baby rats died, she consulted a couple of books on taxidermy and stuffed it. When she stumbled on a dead screech owl she prepared it and entered it in the DeKalb science fair.

Now she is trying to prepare a raccoon.

# Youth Activities

**BROWNIES**

Sixteen members of Brownie Troop 34, sponsored by Pearl St. School, accompanied by their leaders, climaxed the current school year with a train trip to Galion Thursday for an afternoon picnic.

Guests at the affair were Mrs. Max Roseberry, troop committee mother; Mrs. Jack E. Jones, Mrs. Fahey Jones, M. M. Benjamin and William J. Decker.

During a business meeting, final plans for summer meetings were presented, with the group voting to meet every two weeks throughout July and August. Meetings will be at the home of Mrs. Benjamin or Mrs. Decker, troop leaders.

Officers elected recently, who will assume their duties this summer are: Glenna Evans, president; Donna Ryan, vice president; Nancy Earhart, secretary; Becky Snyder, treasurer; and Susan Fissel and Michele Marks.

Adding to their list of completed tours, the troop recently visited the Marion Post Office branch. Guides for the tour were Harold Baker and Paul Lister. These tours are being made as a part of the project for the year, "Know Your Community."

Tentative plans for the summer months call for a day at Girl Scout Day Camp at Barks Woods this month; breakfast in Marion in July; and a twilight cookout in August.

**4-H CLUB**

The New Bloomington 4-H Lads will meet Monday night in the David Randles home.

—:—

The Caledonia Lucky Clovers met Friday in the Caledonia School. Plans were made for a dance June 28. Reports from committees were given. The club's annual trip also was discussed.

Work was done on sewing projects and the next meeting was slated for June 18.

—:—

The new club constitution and the talent contest were discussed when the Grand Prairie Headliners 4-H Club, senior division, met Tuesday night at the home of Joyce Hite.

The talent contest for county 4-H Clubs will be held July 23 at Waldo School at 8 p.m. This club will be entering as an honor club.

For the program, Sue Grover presented a demonstration on seam finishing. Recreation was directed by Mary Jo Cottrell.

Refreshments served by the hostess and her mother concluded the meeting.

A potluck dinner will precede next meeting which will be June 24 at 5:30 at the home of Faye White.

**FHA**

New officers were installed at the Monday night meeting of the Claridon FHA chapter held at the school.

They are: Sue Earl, president; Charlotte Gruber, vice president; Phyllis McCoy, secretary; Ruth Gill, treasurer; Phyllis Young, reporter; Ann Rapp, parliamentarian; Linda Schiefer, historian; and Pat Smoot, chaplain.

Approximately 25 mothers and other guests witnessed the ceremony.

A special event of the meeting, was the flower arrangement talk and demonstration presented by Mrs. Trella Romine of Hemmerly's Flower Shop.

Also on the program was a pantomime of the "Purple People Eater" by senior members.

During a brief business meeting, winners of the junior homemaker's award were named. They will receive their awards at the July 14 meeting.

Refreshments were served at the close of the meeting.

**BOY SCOUTS**

A money-making project will be held by Boy Scout Troop 5 in Neuman Hall at the Marion Engineer Depot Saturday, June 14, from 8 to 11 p.m.

Proceeds from the affair will be used to buy camping equipment and uniforms for the troop, which is sponsored by the American Legion Post 162.

Cooperating in sponsoring the event are various Marion merchants. Refreshments will be available.

The affair is open to the public with no admission charge. Paul Rinnert is scoutmaster.

## Mitchell Lists Expenses

Campaign expenses totaling $443 were listed in a statement filed with the Marion County Board of Elections Wednesday by County Commissioner Luther J. Mitchell who won the Republican nomination in the May primary. Mr. Mitchell listed no contributions.

## Faces Desertion Charge

Hershel Ray Dillow, 20, a native of Russell, Ky., was arrested by Marion police on a warrant charging him with desertion. Police Chief Justin Cornely said the Navy man had been turned over to the Federal Bureau of Investigation. He was arrested at the home of relatives here.
